Air Wick RAC91101EA

Air Wick Automatic Air Freshener Spray Refill, Summer Delights (Model RAC91101EA)

Instruction Manual

1. INTRODUCTION

This manual provides instructions for the safe and effective use of the Air Wick Automatic Air Freshener Spray Refill, Summer Delights scent, model RAC91101EA. This product is designed to deliver continuous fragrance and neutralize odors in your home when used with a compatible Air Wick Automatic Spray device.

Image 1.1: Air Wick Automatic Air Freshener Spray Refill, Summer Delights. This image displays the refill can with its vibrant packaging, highlighting the 'Pure 24/7 OdorProtect Technology' and 'Summer Delights' scent profile.

2. SAFETY INFORMATION

Please read and retain these safety instructions before use.

- **Flammable:** Contents under pressure. Do not expose to heat or open flame, or store at temperatures above 120°F (49°C).
- **Eye Irritant:** Avoid contact with eyes. In case of contact, rinse immediately with plenty of water and seek medical advice.
- **Keep Out of Reach:** Keep out of reach of children and pets.
- **Ventilation:** Use in well-ventilated areas.
- **Do Not Puncture:** Do not puncture or incinerate container.
- **Intended Use:** Use only as directed. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal.

3. PRODUCT FEATURES

The Air Wick Automatic Air Freshener Spray Refill offers several features designed to enhance your home environment:

- **Scent Profile:** Summer Delights, a blend of white florals, sweet melon, and subtle vanilla.
- **OdorProtect Technology:** Features 24/7 OdorProtect technology for continuous odor neutralization.
- **Long-Lasting Fragrance:** Each refill provides continuous fragrance for up to 70 days when used on the low setting with an Air Wick Automatic Spray device.
- **Compatibility:** Designed for use with all Air Wick Automatic Air Freshener spray gadgets.

Up to 70 days of freshness

per refill, on
40 minutes
setting on
this device

Automatic
Air freshener

Fragrance control
in 3 levels

Just 1 AA battery
needed

Image 3.3: Automatic Spray Benefits. This graphic highlights key advantages: automatic air freshening, fragrance control across three levels, and the requirement of just one AA battery.

4. SETUP AND INSTALLATION

Follow these steps to properly install the refill into your Air Wick Automatic Spray device:

1. **Open Device:** Ensure your automatic spray device is turned off and open the cover.
2. **Twist and Insert:** Twist the top of the refill can and insert it firmly into the device until it clicks into place.
3. **Insert Battery:** If not already present, insert one AA battery into the designated compartment, ensuring correct polarity.
4. **Close Device:** Close the device cover securely.

HOW TO USE

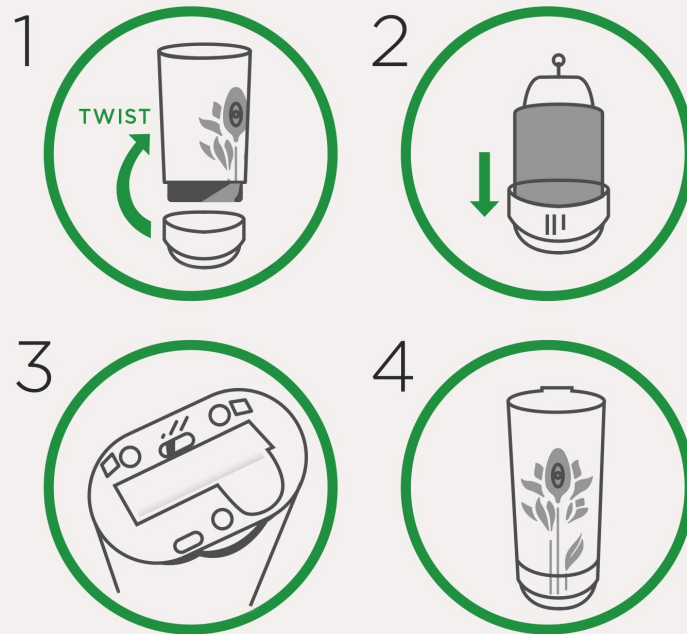

Image 4.1: How to Use Air Wick Automatic Spray. This visual guide demonstrates the four steps for setup: 1. Twist the top of the refill, 2. Insert the refill into the device, 3. Insert the battery, and 4. Close the device.

5. OPERATING INSTRUCTIONS

Once the refill is installed, you can adjust the fragrance intensity:

1. **Power On:** Turn on your Air Wick Automatic Spray device.
2. **Select Interval:** Use the control settings on your device to choose the desired fragrance interval:
 - **Low:** Spray every 40 minutes
 - **Medium:** Spray every 18 minutes
 - **High:** Spray every 9 minutes
3. **Placement:** Place the device in your desired location, ensuring it is on a stable surface and not directly facing people or pets.

Image 5.1: Air Wick Fragrance Control Settings. This image displays the three fragrance intensity levels (Low, Medium, High) and their corresponding spray intervals (40 min, 18 min, 9 min).

6. MAINTENANCE

To ensure continuous fragrance, replace the refill when indicated:

- **Refill Indicator:** The device will signal when the refill needs replacement, typically by a red flashing light.
- **Replacement:** Turn off the device, open the cover, remove the empty refill, and insert a new Air Wick Automatic Spray Refill following the setup instructions.

Image 6.1: Replace Air Wick Refill Can. This graphic indicates that the refill should be replaced when a red flashing light

appears. It also confirms that the refill works with all Air Wick Autosprays devices.

7. TROUBLESHOOTING

If you encounter issues with your Air Wick Automatic Spray Refill, consider the following:

- **No Spray:**
 - Ensure the device is turned on.
 - Check if the refill is inserted correctly and securely.
 - Verify the battery is correctly installed and has sufficient power. Replace if necessary.
- **Weak Scent:**
 - Adjust the fragrance intensity setting to a higher level (e.g., 9 or 18 minutes).
 - Ensure the device is placed in an optimal location for scent dispersion, away from drafts or obstructions.
- **Red Flashing Light:**
 - This indicates the refill is empty or nearly empty. Replace the refill can.
