Timex T5K805

Marathon by Timex T5K805 Digital Watch User Manual

Model: T5K805

INTRODUCTION

This manual provides instructions for the setup, operation, and maintenance of your Marathon by Timex T5K805 Digital Watch. Please read this manual thoroughly to ensure proper use and care of your timepiece.

Front view of the Marathon by Timex T5K805 Digital Watch, showing the digital display and control buttons.

SETUP

Battery Installation

Your watch comes with one Lithium Metal battery pre-installed. If the display is dim or unresponsive, the battery may need replacement. Battery replacement should be performed by a qualified technician to ensure water resistance is maintained.

Setting Time and Date

1. Press the **SET** button (usually top-left) to enter setting mode. The time digits will flash.
2. Use the **START/STOP** button (usually top-right) to adjust the flashing digit.
3. Press the **MODE** button (usually bottom-left) to move to the next setting (e.g., minutes, hour, day, month, year).
4. Repeat steps 2 and 3 until all desired settings are adjusted.
5. Press the **SET** button again to exit setting mode.

OPERATING INSTRUCTIONS

Time Display

The watch displays time in a digital format. It supports both 12-hour and 24-hour military time modes. The day and date calendar are also visible.

Daily Alarm

To set the daily alarm:

1. Press the **MODE** button repeatedly until the alarm setting screen appears.
2. Use the **SET** and **START/STOP** buttons to set the desired alarm time.
3. Activate or deactivate the alarm using the appropriate button (refer to on-screen indicators).

24-Hour Stopwatch

To use the stopwatch function:

1. Press the **MODE** button until the stopwatch screen is displayed (usually indicated by 'SP' or 'STW').
2. Press **START/STOP** to begin timing.
3. Press **START/STOP** again to pause/resume timing.
4. Press the **RESET** button (usually bottom-right) to clear the stopwatch.

Indiglo Night-Light

Press the **INDIGLO** button (usually top-right or a dedicated button) to illuminate the watch dial for easy viewing in low-light conditions.

Two Time Zones

This watch allows for setting and viewing two different time zones. Refer to the on-screen prompts or specific button combinations to switch between or set the second time zone.

Optional Hourly Chime

The watch can be configured to chime every hour. Access this setting through the **MODE** button and look for an option to enable/disable the hourly chime.

MAINTENANCE

Water Resistance

The watch is water resistant to 50 meters (165 feet). This means it is suitable for short periods of recreational swimming. It is not recommended for diving or snorkeling. Do not press any buttons while the watch is submerged.

Cleaning

Clean your watch with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the resin case or strap.

Battery Replacement

When the battery needs replacing, it is recommended to take the watch to an authorized service center. This ensures the proper battery type is used and the water resistance seal is maintained.

TROUBLESHOOTING

Display is Blank or Dim

- Check if the battery needs replacement.
- Ensure the watch has not been exposed to extreme temperatures.

Buttons Not Responding

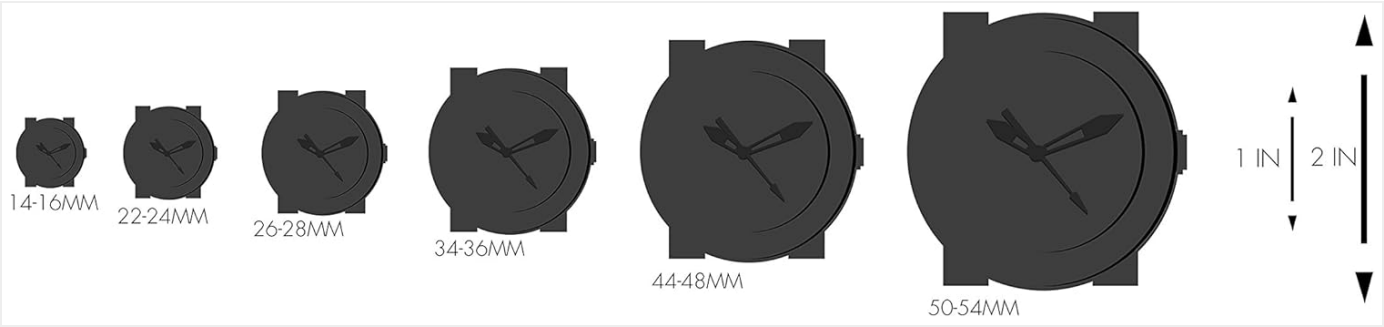

- Ensure the watch is not in a locked mode (if applicable).
- Avoid pressing buttons underwater.
- If issues persist, a reset may be required (consult a service center).

Time Inaccuracy

- Re-set the time and date as per the 'Setting Time and Date' section.
- Extreme temperatures or strong magnetic fields can affect accuracy.

SPECIFICATIONS

Feature	Detail
Model Number	T5K805
Dimensions	3.94 x 3.94 x 1.97 inches
Weight	0.96 ounces
