3. Setup and Configuration

The L-BOXX Mini is ready for use out of the box. To customize the interior compartments:

1. Open the lid of the L-BOXX Mini.
2. Locate the removable partition boards inside.
3. Insert or remove the partition boards into the designated slots to create the desired number and size of compartments (up to six).
4. Ensure partitions are securely seated before storing items.

4. Operation

Using your Bosch L-BOXX Mini is straightforward:

1. **Storing Items:** Place small tools, screws, accessories, or other items securely within the compartments. Close the lid firmly to secure the contents.
2. **Carrying:** Utilize the sturdy folding handle for easy and comfortable transport of the L-BOXX Mini.
3. **Stacking:** The L-BOXX Mini is designed to stack securely with other L-BOXX Mini units and larger L-BOXX 102 or i-BOXX 72 systems. Align the interlocking features on the top and bottom of the boxes and press down until they click into place.

HOW TO USE

1.Store small tools, screws, or accessories securely in individual compartments.

2.Easily carry the box with the foldable handle for on-the-go convenience.

3.Place it inside L-BOXX 102 or i-BOXX 72 for organized, space-saving storage.

5. Maintenance and Care

To ensure the longevity and optimal performance of your L-BOXX Mini:

- **Cleaning:** The L-BOXX Mini is dishwasher-safe. For manual cleaning, use mild soap and water. Rinse thoroughly and allow to air dry. Avoid abrasive cleaners or solvents that could damage the material.
- **Inspection:** Periodically check the latches, hinges, and handle for any signs of wear or damage. Ensure the partition boards are intact and securely fitted.
- **Storage:** Store the L-BOXX Mini in a clean, dry environment when not in use.

6. Troubleshooting

The L-BOXX Mini is a simple, durable product with minimal components. Most issues can be resolved with basic checks:

- **Lid not closing properly:** Ensure no items are obstructing the closing mechanism. Check for any debris in the latch area.
- **Difficulty stacking:** Verify that the L-BOXX units are correctly aligned before attempting to stack. Ensure the interlocking features are clean and free of obstructions.
- **Partitions loose:** Re-seat the partition boards firmly into their designated slots.

If you encounter any persistent issues, please refer to the contact information in the "Warranty and Support" section.
