## 2. SAFETY INFORMATION

---

Please read and understand all instructions before beginning assembly. Failure to follow these instructions may result in injury or damage to the product.

- Keep all hardware and packaging materials out of reach of children.
- Assemble the product on a soft, non-abrasive surface (e.g., carpet or cardboard) to prevent scratches.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten hardware as needed.
- Do not use power tools for assembly unless specifically instructed, as this may overtighten or damage components.
- This product is designed for use with a full-size mattress. Ensure your mattress fits properly within the frame.
- **Proposition 65 Warning:** This product may contain chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

## 3. PACKAGE CONTENTS

---

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard (1)

## 4. ASSEMBLY INSTRUCTIONS

---

Assembly typically requires two adults. Please follow these steps carefully.

## Step 1: Attach Side Rails to Headboard

1. Position the headboard upright.
2. Align one side rail with the pre-drilled holes on the headboard's side.
3. Insert bolts through the holes and secure with washers and nuts. Do not fully tighten yet.
4. Repeat for the other side rail on the opposite side of the headboard.

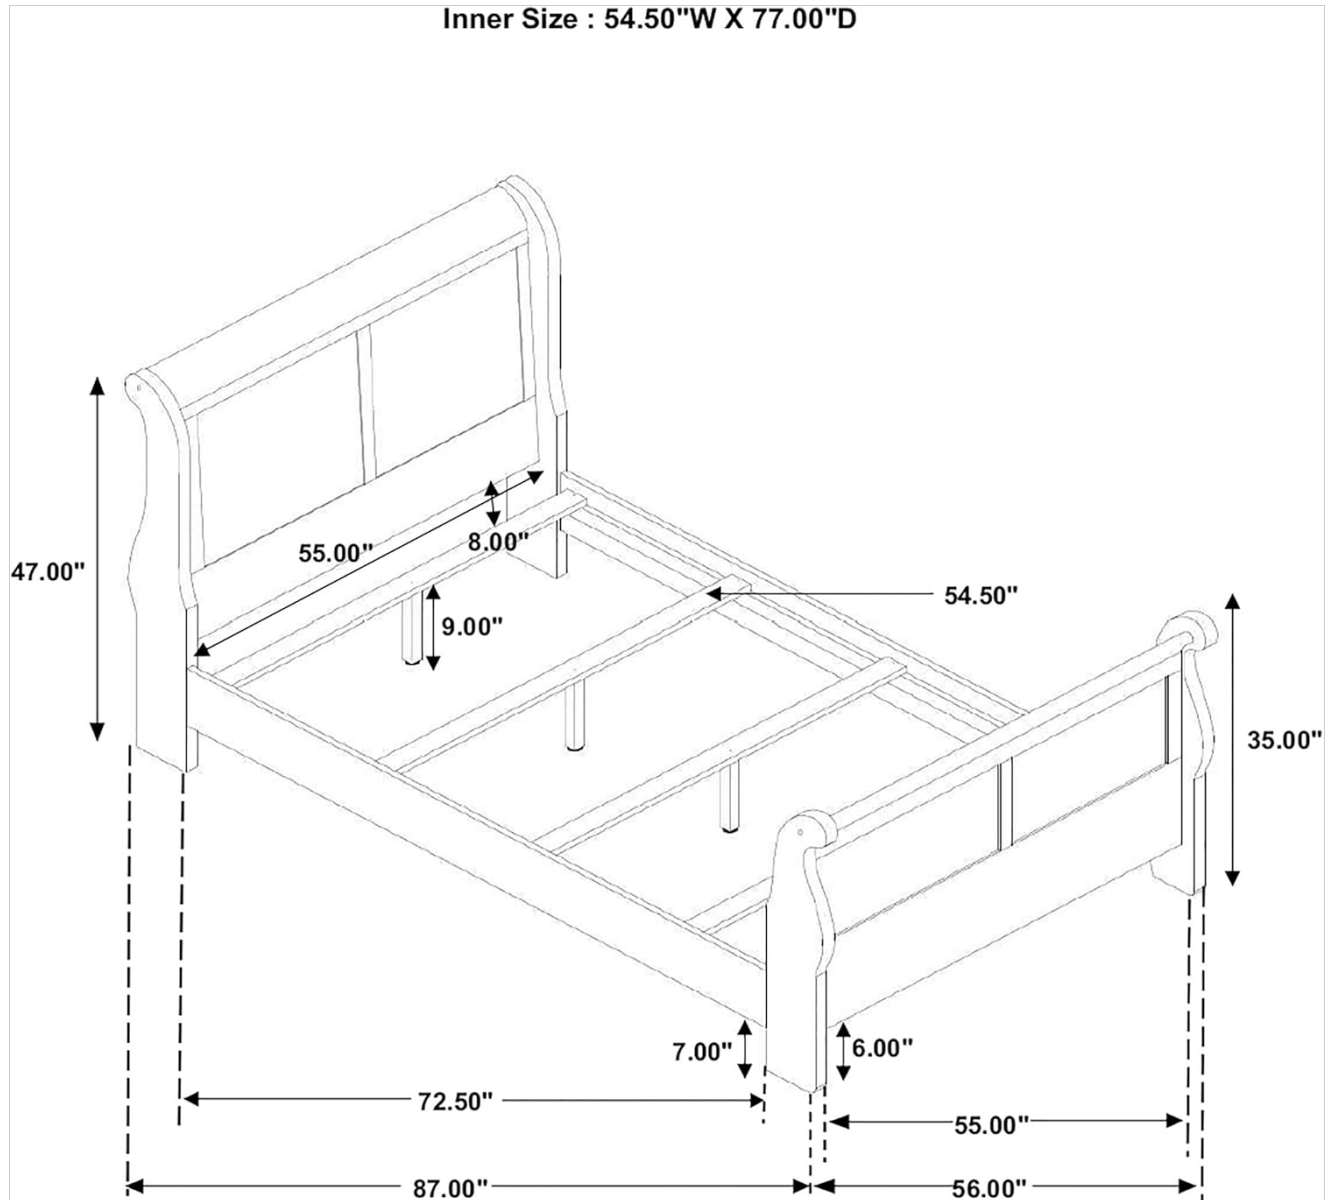

Image 4.1: Detail of the headboard and side rail connection, showing the attachment mechanism.

## Step 2: Attach Side Rails to Footboard

5. Position the footboard upright.
6. Connect the free ends of the side rails to the footboard, aligning holes.
7. Insert bolts and secure with washers and nuts.
8. Once all four connections are made, fully tighten all bolts using the provided Allen wrench.

### Step 3: Install Slats and Support Legs

9. Place the wooden slats across the side rails, ensuring they are evenly spaced.
10. Attach the support legs to the center of the slats, if applicable, and ensure they are firmly on the ground.
11. Secure the slats to the side rails using screws, if provided, to prevent shifting.

Your Coaster Home Furnishings Louis Philippe Full Size Sleigh Bed Frame is now assembled. Place your full-size mattress directly on the slats. A box spring is not typically required with this slat system, but can be used for additional height or support if desired.

## 5. CARE AND MAINTENANCE

Proper care will help maintain the appearance and extend the life of your bed frame.

- **Cleaning:** Clean using a damp cloth. Avoid using strong chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Dusting:** Regularly dust with a soft, dry cloth.
- **Spills:** Wipe spills immediately with a clean, damp cloth.
- **Hardware:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration.
- **Heat and Moisture:** Keep the bed frame away from direct heat sources and areas of high humidity.

## 6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose hardware connections.	Ensure all bolts and screws are fully tightened. Check periodically and re-tighten as needed.
Squeaking noises.	Loose connections or friction between components.	Tighten all hardware. Apply a small amount of paraffin wax or silicone spray to contact points between wood components if squeaking persists.
Mattress sags or falls through slats.	Slats are not properly secured or are damaged. Insufficient support for mattress type.	Ensure all slats are correctly positioned and secured. Verify that central support legs are installed and making firm contact with the floor. Consider adding a plywood sheet over the slats for additional support if not using a box spring.
