APDTY 060123

Instruction Manual for APDTY 060123 Mirror Cover

Model: **060123** | Brand: **APDTY**

PRODUCT OVERVIEW

The APDTY 060123 Mirror Cover is a chrome-finished replacement part designed for the right-hand side of specific vehicle models. This component is manufactured to meet or exceed OEM specifications, ensuring a factory-like fit, form, and function. It serves as an aesthetic and protective cover for the vehicle's side mirror.

VEHICLE COMPATIBILITY

This mirror cover is specifically designed for the right-hand side of the following vehicle models. Please verify your vehicle's make, model, and year to ensure exact fitment, especially regarding the presence of puddle lamps.

- **2006-2010 Ford Explorer:** Right side, Chrome finish, without Puddle Lamps.
- **2007-2010 Ford Explorer Sport Trac:** Right side, Chrome finish.
- **2006-2010 Ford Ranger:** Right side, Chrome finish.
- **2006-2010 Mercury Mountaineer:** Right side, Chrome finish, without Puddle Lamps.

SETUP AND INSTALLATION

Installation of exterior mirror covers typically involves careful removal of the existing cover and attachment of the new component. It is recommended to consult a professional automotive technician for installation to ensure proper fitment and avoid damage to the vehicle or the part. If performing a DIY installation, proceed with caution and refer to a vehicle-specific service manual for detailed steps.

1. **Preparation:** Ensure the vehicle is turned off and the area around the side mirror is clean and free of debris. Gather necessary tools, which may include trim removal tools, screwdrivers, or wrenches depending on the vehicle's mirror assembly.
2. **Existing Cover Removal:** Carefully identify the attachment points of the existing mirror cover. These can be clips, screws, or a combination. Use appropriate tools to gently pry or unscrew the old cover without damaging the mirror housing or painted surfaces.

3. **New Cover Placement:** Align the APDTY 060123 Mirror Cover with the mirror housing. Ensure all clips or mounting tabs are correctly positioned.
4. **Secure Attachment:** Apply gentle, even pressure to snap the new cover into place, or secure it with screws if applicable. Verify that the cover is firmly seated and does not wobble.
5. **Final Inspection:** Check the fitment from all angles to ensure it is flush and secure. Test the mirror's adjustment functionality if it was affected during the process.

Figure 2: Rear view of the APDTY 060123 Chrome Mirror Cover. This image provides a view of the interior side of the mirror cover, revealing the integrated mounting clips and structural elements that facilitate secure attachment to the vehicle's mirror assembly.

OPERATING INSTRUCTIONS

The APDTY 060123 Mirror Cover is a passive exterior component and does not require any operational input from the user after installation. Its function is to provide a protective and aesthetic covering for the vehicle's side mirror.

MAINTENANCE

To maintain the appearance and longevity of your chrome mirror cover, follow these guidelines:

- **Cleaning:** Regularly clean the chrome surface with a soft cloth and a mild automotive soap or chrome cleaner. Avoid abrasive cleaners or harsh chemicals that can scratch or damage the finish.
- **Drying:** After washing, dry the cover thoroughly with a clean, soft microfiber towel to prevent water spots and maintain shine.

- **Protection:** Consider applying a chrome polish or wax periodically to provide an extra layer of protection against environmental elements and enhance its luster.

TROUBLESHOOTING

If you encounter issues with your APDTY 060123 Mirror Cover, consider the following:

- **Loose Fitment:** If the cover feels loose after installation, re-check all mounting clips and ensure they are fully engaged. Verify that the correct part was installed for your specific vehicle model and year.
- **Scratches or Damage:** Minor scratches on the chrome finish may sometimes be buffed out with a specialized chrome polish. For significant damage, replacement of the cover may be necessary.
- **Discoloration:** Ensure proper cleaning and maintenance as described above. Exposure to harsh chemicals or extreme environmental conditions can affect the finish over time.

For persistent issues or concerns, contact the manufacturer or a qualified automotive professional.

SPECIFICATIONS

Specification	Detail
Brand	APDTY
Model Number	060123
Part Position	Right
Mounting Type	Door Mount
Fit Type	Vehicle Specific Fit
Exterior Finish	Chrome (Ready To Paint If Needed)
Item Dimensions (L x W x H)	12 x 4 x 4 inches
Item Weight	9.44 ounces
OEM Part Numbers	6L2Z17D742BA, 6L5Z17D742BA
UPC	401000187850

WARRANTY AND SUPPORT

For information regarding product warranty, returns, or technical support, please refer to the purchase documentation or contact the seller directly. You may also visit the official APDTY store on Amazon for further assistance:
