Thule 8522382001

Thule 8522382001 Foot Cover Instruction Manual

Model: 8522382001

INTRODUCTION

This manual provides essential information for the proper installation, maintenance, and care of your Thule 8522382001 Foot Cover. This product is designed as a replacement part for the Thule 460 Podium Foot Pack, used in conjunction with Thule car roof rack systems. Please read these instructions carefully before proceeding with any installation or maintenance.

PRODUCT OVERVIEW

Image Description: A close-up view of the Thule 8522382001 Foot Cover. It is a black, molded plastic component with a rounded, aerodynamic shape. The Thule logo is prominently displayed in white on the front surface. There is a circular opening at the top center,

designed to accommodate a mounting bolt or mechanism.

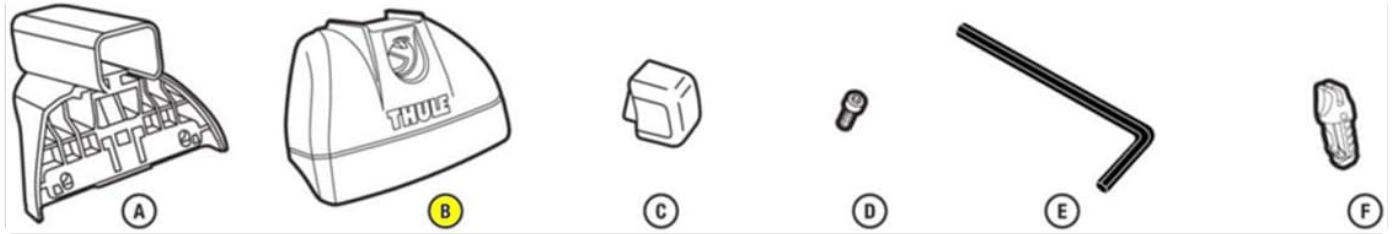

Image Description: An exploded diagram illustrating various components of a Thule Podium Foot Pack. Key parts are labeled A through F. Part B, which is the Thule 8522382001 Foot Cover, is circled, indicating its position within the complete foot assembly. Other parts include the main foot housing (A), a rubber pad (C), a screw (D), an Allen key (E), and a lock cylinder (F).

The Thule 8522382001 Foot Cover is a specific replacement part for the 460 Podium Foot Pack. It is designed to protect the internal mechanisms of the foot pack and contribute to the overall aerodynamic profile of the roof rack system.

INSTALLATION / REPLACEMENT

This product is a replacement component and does not require assembly itself. Installation involves replacing an existing foot cover on a Thule 460 Podium Foot Pack.

1. **Preparation:** Ensure your Thule 460 Podium Foot Pack is clean and free of debris. If replacing a damaged cover, carefully remove any broken pieces.
2. **Access:** Depending on your specific foot pack setup, you may need to loosen or remove the roof bar to gain full access to the foot pack.
3. **Positioning:** Align the new 8522382001 Foot Cover (Part B in the diagram) with the main body of the Thule 460 Podium Foot Pack (Part A). Ensure the circular opening on the cover aligns with the corresponding hole on the foot pack.
4. **Securing:** Gently press the foot cover into place until it snaps securely onto the foot pack. Verify that all edges are flush and the cover is firmly attached.
5. **Final Check:** Once installed, ensure the foot cover is stable and does not wobble. Re-tighten any loosened components of your roof rack system as per your Thule roof rack manual.

For detailed instructions on your specific Thule roof rack system, please refer to the original manual provided with your Thule 460 Podium Foot Pack.

MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Thule Foot Cover and overall roof rack system.

- **Cleaning:** Clean the foot cover regularly with mild soap and water. Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic. Rinse thoroughly and dry with a soft cloth.
- **Inspection:** Periodically inspect the foot cover for any signs of wear, cracks, or damage. If significant damage is observed, replace the cover to maintain the integrity and aesthetics of your roof rack.
- **Storage:** If removing your roof rack for extended periods, store the foot covers in a clean, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

As a simple replacement part, the Thule 8522382001 Foot Cover has limited troubleshooting scenarios. Most issues relate to installation or physical damage.

- **Cover Does Not Fit:**
 - Ensure you have the correct foot cover for your Thule 460 Podium Foot Pack. Verify the model number.

- Check for any obstructions or debris on the foot pack that might prevent the cover from seating properly.
- **Cover Feels Loose:**
 - Ensure the cover is fully snapped into place. Apply firm, even pressure until it clicks.
 - Inspect the clips or attachment points on both the cover and the foot pack for damage. If damaged, replacement may be necessary.

If you encounter persistent issues, please contact Thule customer support.

SPECIFICATIONS

Manufacturer	Thule
Brand	Thule
Model Number	8522382001
Part Number	8522382001
Product Weight	Approximately 4.54 kg (4.54 Kilograms)
Assembly Required	No (for the foot cover itself)
ASIN	B00R6KWE88

WARRANTY AND SUPPORT

Thule products are tested and are subject to strict quality controls and are guaranteed against defects in material and workmanship. For specific warranty details and terms, please refer to the official Thule website or the warranty information included with your original Thule roof rack system.
