ZINUS OLB-ASB-F

ZINUS SmartBase Compack Mattress Foundation User Manual

Model: OLB-ASB-F

Brand: ZINUS

Introduction

The ZINUS SmartBase Compack Mattress Foundation is designed to provide a sturdy and reliable support system for your mattress, eliminating the need for a traditional box spring. This innovative metal bed frame offers enhanced stability and convenient under-bed storage space. It is engineered for easy assembly and durability, ensuring a comfortable and worry-free sleep experience.

The ZINUS SmartBase Compack Mattress Foundation, fully assembled and ready for use.

Safety Information

Please read all safety warnings before assembly and use.

- Exercise caution around sharp edges during handling and assembly.
- Do not exceed the maximum weight capacity of 1500 lbs for Full size.
- Follow all assembly instructions carefully to ensure the stability and safe operation of the bed frame. Improper assembly can lead to instability and potential injury.

Setup and Assembly

The ZINUS SmartBase Compack Mattress Foundation is designed for quick and easy assembly, typically taking less than an hour. All necessary tools and parts are included in the compact shipping box.

Included Components:

- Frame sections
- Support bars
- Assembly tools (e.g., Allen wrench)
- Fasteners (bolts, nuts)

All components of the bed frame are neatly packed and ready for assembly.

Assembly Instructions:

1. Unpack all components from the shipping box and lay them out on a clean, flat surface. Verify all parts are present according to the included parts list.
2. Carefully unfold the main frame sections. Ensure the legs are properly extended and locked into place.
3. Connect the frame sections using the provided fasteners and tools. Tighten all connections securely, but do not overtighten.
4. Attach any additional support bars or cross-members as indicated in the detailed instruction manual (refer to the PDF user guide for specific diagrams).
5. Ensure all legs are firmly on the ground and the frame is level before placing a mattress on it.

Operating Instructions

Once assembled, the ZINUS SmartBase Compack Mattress Foundation is ready for immediate use. Simply place your mattress directly onto the steel slatted platform. No box spring is needed.

- Ensure the mattress is centered and evenly distributed on the frame.
- The frame provides 13 inches of clearance space underneath, ideal for storage. Utilize this space with storage bins or boxes to keep your room tidy.

Maintenance and Care

To ensure the longevity and continued performance of your ZINUS SmartBase Compack Mattress Foundation, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the metal frame with a damp cloth and mild detergent as needed. Avoid abrasive cleaners that could damage the finish.
- **Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Weight Distribution:** Avoid concentrating heavy loads in one area of the frame. Distribute weight evenly across the mattress.
- **Movement:** When moving the bed frame, lift it rather than dragging it to prevent damage to the legs or floor.

Troubleshooting

If you encounter any issues with your ZINUS SmartBase Compack Mattress Foundation, consider the following common solutions:

Squeaking Noises:

- **Solution:** Check all bolts and connections. Tighten any loose fasteners. Squeaking often results from loose joints.

Instability/Wobbling:

- **Solution:** Ensure the frame is assembled correctly according to the instructions. Verify that all legs are fully extended and making firm contact with the floor. Check for uneven flooring.

Difficulty Folding/Unfolding:

- **Solution:** Ensure no obstructions are present in the folding mechanism. Apply a small amount of silicone lubricant to hinges if they are stiff.

If problems persist, please refer to the official ZINUS support resources.

Specifications

Feature	Detail
Size	Full
Product Dimensions	74"L x 54"W x 14"H
