Adesso 3217-22 Prospect LED Clip Lamp User Manual

Model: 3217-22 | Brand: Adesso

1. INTRODUCTION

Thank you for purchasing the Adesso 3217-22 Prospect LED Clip Lamp. This manual provides essential information for the safe and efficient use of your new lamp. Please read these instructions carefully before installation and operation, and retain them for future reference.

The Prospect LED Clip Lamp features a contemporary design with a brushed steel finish, an adjustable gooseneck, and an integrated 3W LED light source. Its versatile clip-on design makes it suitable for various applications, providing focused illumination where needed.

2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- Ensure the power supply voltage matches the lamp's requirements before connecting.
- Do not attempt to modify or disassemble the lamp. There are no user-serviceable parts inside.
- Keep the lamp away from water or other liquids. Do not operate in damp or wet conditions.
- The LED light source is integrated and not replaceable. Do not attempt to replace the LED.
- Although LEDs generate less heat than traditional bulbs, avoid touching the light head immediately after prolonged use as it may be warm.
- Ensure the clip is securely fastened to a stable surface to prevent the lamp from falling.
- This product is designed for indoor use only.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged upon unpacking:

- Adesso 3217-22 Prospect LED Clip Lamp (Brushed Steel)
- Power Cord with Toggle Switch

4. SETUP

Follow these steps to set up your Adesso Prospect LED Clip Lamp:

1. **Unpack:** Carefully remove all components from the packaging.
2. **Position the Clip:** Choose a stable surface (desk, shelf, headboard) where you wish to attach the lamp. Ensure the surface thickness is compatible with the clip's opening.
3. **Attach the Lamp:** Squeeze the clip handles to open the jaws and firmly attach the lamp to your chosen surface. Release the handles to secure the lamp. Verify it is stable and will not tip over.
4. **Adjust Gooseneck:** The flexible gooseneck allows for total adjustment of height and direction. Position the light head to direct illumination as desired.
5. **Connect Power:** Plug the power cord into a standard electrical outlet. This lamp is smart outlet compatible.

5. OPERATING INSTRUCTIONS

Operating your Adesso Prospect LED Clip Lamp is straightforward:

- **Power On/Off:** Locate the toggle switch on the clip base. Press the switch to turn the lamp ON or OFF.
- **Light Adjustment:** Use the flexible gooseneck to adjust the light's direction and height as needed for your task or ambiance.
- **Smart Outlet Compatibility:** This lamp can be controlled via a smart outlet (sold separately) for automated operation. Refer to your smart outlet's instructions for setup.

6. MAINTENANCE

To ensure the longevity and optimal performance of your lamp:

- **Cleaning:** Disconnect the lamp from the power source before cleaning. Use a soft, dry cloth to wipe the lamp's surfaces. Avoid abrasive cleaners or solvents that could damage the finish.
- **LED Lifespan:** The integrated LED light source is designed to last approximately 50,000 hours under normal use and is not replaceable.
- **Storage:** If storing the lamp, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight.

7. TROUBLESHOOTING

If you encounter issues with your Adesso Prospect LED Clip Lamp, refer to the following common solutions:

| Problem | Possible Cause | Solution |
|---------------------------|---|---|
| Lamp does not turn on. | Not plugged in. Power outlet is not active. Toggle switch is off. | Ensure the power cord is securely plugged into an active electrical outlet. Test the outlet with another device. Press the toggle switch on the clip base to the ON position. |
| Light flickers or is dim. | Loose connection. Power fluctuation. | Check all connections. Unplug and re-plug the lamp. Ensure the lamp is connected to a stable power source. |
| Lamp falls from surface. | Clip not securely fastened. Surface too thin or unstable. | Re-attach the clip, ensuring a firm grip on the surface. Use on a surface with appropriate thickness and stability for the clip. |

8. SPECIFICATIONS
