Coaster Home Furnishings Jessica Queen Platform Bed with LED Light

MODEL: 202990Q

1. PRODUCT OVERVIEW

The Coaster Home Furnishings Jessica Queen Platform Bed is designed with a modern aesthetic, featuring a clean-lined panel headboard and a layered base. This queen-size bed includes an integrated LED light, operated by a touch switch, to provide ambient illumination. Constructed from durable wood, it incorporates a central support rail and additional support legs for stability and longevity. The bed is finished in a crisp snow white, complementing various bedroom decors.

2. SAFETY INFORMATION

- Do not load more than 600 pounds on the bed. Exceeding this weight limit may compromise the structural integrity of the bed.
- Exercise caution around sharp edges during both assembly and regular use to prevent injury.
- Always follow the provided assembly instructions precisely to ensure proper construction and prevent instability or collapse of the bed frame.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Headboard
- Footboard
- Side Panels (Left and Right)
- Side Rails (Left and Right)
- Wooden Base Slats and Supports

4. ASSEMBLY INSTRUCTIONS

Assembly of the Jessica Queen Platform Bed is required. Detailed step-by-step instructions, along with all necessary hardware, are included in the product packaging. Please refer to these specific instructions for a smooth and correct assembly process.

It is recommended to assemble the bed in the room where it will be used, with at least two adults for assistance. Ensure all connections are secure before use.

6. MAINTENANCE AND CARE

To maintain the appearance and longevity of your Coaster Home Furnishings Jessica Platform Bed:

- Clean the bed frame using a damp cloth.
- Do not use strong chemicals, abrasive cleaners, or polishes, as these may damage the snow white finish.
- Regularly check and tighten any loose hardware to ensure the bed remains stable.

7. TROUBLESHOOTING

If you encounter issues with your Jessica Platform Bed, consider the following:

LED Light Not Working:

- Check if the power cord is securely plugged into a working electrical outlet.
- Ensure all internal wiring connections for the LED system are properly seated.
- Verify the touch switch is functioning correctly by gently pressing it.

Bed Instability/Squeaking:

- Inspect all bolts and screws to ensure they are tightened. Retighten as necessary.
- Confirm that all support legs and the central rail are correctly positioned and making firm contact with the floor.
- Ensure the wooden slats are evenly spaced and properly seated within the frame.
