Ohuhu Indoor Plant Growing Tent User Manual

Model: B00RF10N86 (24x48x60 inch)

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your Ohuhu Indoor Plant Growing Tent. Please read this manual thoroughly before setting up and using the product to ensure proper function and longevity.

The Ohuhu Indoor Plant Growing Tent is designed to create an optimal environment for indoor plant cultivation, featuring a reflective interior, durable construction, and convenient access points.

PACKAGE CONTENTS

Before assembly, please verify that all components are present:

- Tent Fabric Cover
- Metal Poles (various lengths)
- Corner Connectors
- Removable Floor Tray
- Hanging Straps (for lights/fans)
- Instruction Sheet (this manual)

If any parts are missing or damaged, please contact Ohuhu customer support.

SETUP INSTRUCTIONS

Follow these steps to assemble your Ohuhu Growing Tent:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble Base Frame:** Connect the shortest metal poles to the corner connectors to form the base rectangle of the tent. Ensure all poles are securely inserted into the connectors.
3. **Install Vertical Poles:** Attach the vertical poles to the base frame's corner connectors.
4. **Assemble Top Frame:** Connect the remaining horizontal poles to the top of the vertical poles using the corner connectors to form the top rectangle.

5. **Secure Frame:** Ensure all connections are firm. The frame uses a tool-free installation method with push pins for secure fastening.

Free-Tools Installation

Just fasten the tubes by using the push pin without any additional hardware.

Figure 1: Tool-free installation using push pins to secure metal poles into connectors.

6. **Drape Tent Fabric:** Carefully pull the tent fabric over the assembled metal frame. Start from the top and work your way down. Ensure the zippers are aligned correctly.
7. **Zip Up Tent:** Close all zippers to fully enclose the frame within the fabric.
8. **Insert Floor Tray:** Place the removable waterproof floor tray inside the bottom of the tent.

Removable Floor Tray

Removable & water-proof
for easy cleaning.

9. **Install Accessories:** Use the provided hanging straps to suspend grow lights, fans, or other equipment from the top bars of the tent frame.

OPERATING INSTRUCTIONS

The Ohuhu Growing Tent is designed for efficient indoor plant cultivation. Here are key features and how to utilize them:

Ventilation and Airflow

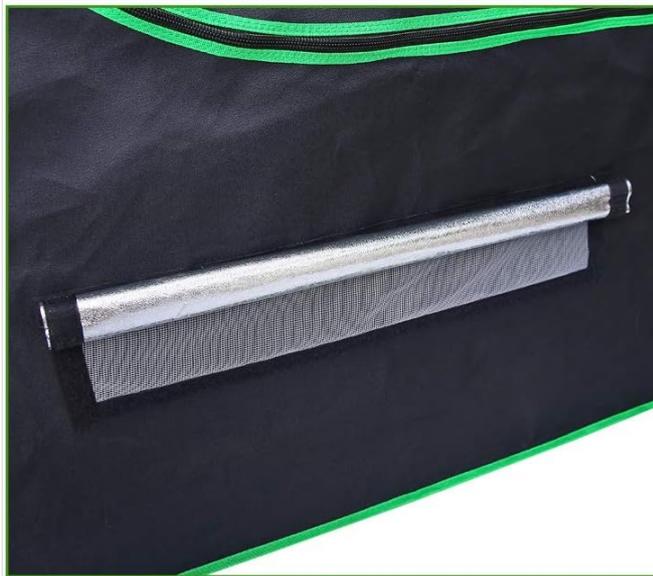

- **Air Vents:** The tent features multiple air vents with elastic ropes, allowing for adjustable airflow and the connection of ducting for exhaust fans.
- **Meshed Vents:** Integrated meshed vents provide passive airflow while preventing pests from entering the tent.

Light Management

- **Reflective Interior:** The interior of the tent is lined with 98% reflective silver-colored PET Mylar, which maximizes light efficiency by reflecting light back onto your plants.

Access and Durability

- **Heavy-Duty Zippers:** The tent is equipped with robust zippers for secure closure and easy access.
- **Durable Fabric:** Constructed from heavy-duty 600D oxford cloth, the tent is designed for long-term use and resistance to wear.

MAINTENANCE

Regular maintenance will extend the life of your Ohuhu Growing Tent:

- **Cleaning the Interior:** The removable floor tray can be easily taken out and cleaned with mild soap and water. For the tent's interior walls, wipe with a damp cloth. Avoid abrasive cleaners that could damage the reflective Mylar.
- **Cleaning the Exterior:** Wipe the exterior fabric with a damp cloth as needed.
- **Zipper Care:** Periodically check zippers for smooth operation. If they become stiff, apply a small amount of zipper lubricant.
- **Frame Inspection:** Regularly inspect the metal frame and connectors for any signs of wear or looseness. Re-secure any loose connections.
- **Ventilation Maintenance:** Ensure all vents and mesh screens are clear of debris to maintain optimal airflow.

TROUBLESHOOTING

Here are solutions to common issues you might encounter:

Problem	Possible Cause	Solution
Light leaks from tent.	Zippers not fully closed, small pinholes in fabric, or improper sealing of vents.	Ensure all zippers are completely closed. Inspect fabric for pinholes and use light-blocking tape if necessary. Verify vent closures.
Difficulty zipping/unzipping.	Dirt/debris in zipper teeth, or zipper misalignment.	Clean zipper teeth. Apply a small amount of zipper lubricant. Ensure the tent fabric is not under excessive tension.
Poor airflow/high humidity.	Vents are closed or obstructed, inadequate exhaust fan.	Open all necessary vents. Ensure exhaust fan is properly installed and functioning. Consider adding an intake fan if passive intake is insufficient.
Frame feels unstable.	Poles not fully inserted into connectors, or connectors are damaged.	Check all pole connections, ensuring push pins are fully engaged. If connectors are damaged, contact customer support for replacements.

SPECIFICATIONS

Feature	Detail
Model Number	B00RF10N86
Brand	Ohuhu
Product Dimensions	24"L x 48"W x 60"H
Item Weight	17.26 pounds
Package Dimensions	49 x 11.1 x 4.3 inches
Frame Material	Metal
Outer Material	Heavy-duty 600D Oxford Cloth
Interior Material	98% Reflective Silver PET Mylar

WARRANTY INFORMATION

Ohuhu products are manufactured to high-quality standards. For specific warranty details, including coverage period and terms, please refer to the warranty card included with your product or visit the official Ohuhu website. Please retain your proof of purchase for any warranty claims.

CUSTOMER SUPPORT

If you have any questions, require assistance with assembly, or need troubleshooting help that is not covered in this manual, please contact Ohuhu Customer Support:

- **Website:** www.ohuhu.com
- **Email:** Refer to your product packaging or the Ohuhu website for the most current contact email.
- **Phone:** Refer to your product packaging or the Ohuhu website for the most current contact number.

When contacting support, please have your product model number (B00RF10N86) and purchase date available.
