Matchbox 4-Level Garage Playset Instruction Manual

Model: CJM67

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Matchbox 4-Level Garage Playset. Designed for interactive play, this playset features multiple levels of activity, including a spiral ramp, a kid-powered elevator, a car wash, and a repair station. Please read all instructions carefully before assembly and use.

WHAT'S IN THE BOX

- Matchbox 4-Level Garage Playset components
- One Matchbox tow truck
- Assembly instructions and sticker sheet

SETUP

Adult assembly is required. Please ensure all components are present before beginning. Follow the visual instructions provided in the packaging to connect the various levels, ramps, and accessory pieces. Ensure all connections are secure for stable play.

OPERATING INSTRUCTIONS

1. Kid-Powered Elevator

Place a Matchbox vehicle onto the elevator platform. Turn the orange knob at the top of the elevator tower to raise or lower the platform, transporting vehicles between the different garage levels.

4. Car Wash

Guide vehicles through the car wash area on the top level. Rotating rollers and a spray nozzle simulate a cleaning experience for the Matchbox cars.

5. Gas Pump

A gas pump is located on the ground level for vehicles to refuel before continuing their adventures.

FEATURES

- Large-scale 4-level Garage with recognizable real-world activities.
- Four levels of activity include a spiral ramp, gas pump, crane, track, and real working elevator.
- Features a premium car wash for all Matchbox cars and trucks.
- Service station to “repair” Matchbox vehicles.
- Includes one Matchbox tow truck for immediate play.

MAINTENANCE

- **Cleaning:** Wipe the playset with a damp cloth and mild soap. Avoid harsh chemicals.
- **Storage:** Store the playset in a dry, cool place away from direct sunlight to prevent material degradation.

- **Inspection:** Periodically check all connections and moving parts to ensure they are secure and functioning correctly.

TROUBLESHOOTING

- **Vehicles getting stuck:** Ensure no foreign objects are obstructing the tracks or elevator. Verify that the vehicles used are compatible with Matchbox scale (1:64).
- **Elevator not moving smoothly:** Check for any obstructions in the elevator shaft or on the platform. Ensure the top knob is being turned fully and consistently.
- **Parts not connecting:** Refer to the assembly instructions to ensure correct orientation and alignment of parts. Apply gentle pressure to snap pieces into place.
