Lincoln Logs 00857

LINCOLN LOGS Oak Creek Lodge Instruction Manual

Model: 00857

1. PRODUCT OVERVIEW

The LINCOLN LOGS Oak Creek Lodge building set provides a classic construction experience with 137 authentic wooden pieces. Designed for children aged 3 and up, this set encourages imaginative play and skill development. The real maple wood logs feature indentations for easy connection, allowing for the creation of various structures, including lodges and stables.

This set includes:

- 137 real maple wood logs and plastic pieces (doors, windows, roof eaves, roof slates).
- Two plastic figures: a cowboy and a horse.
- An instruction sheet with step-by-step building directions.

2. WHAT'S IN THE BOX

Your LINCOLN LOGS Oak Creek Lodge set contains the following components:

- Assorted real maple wood logs of various lengths and shapes.
- Plastic roof eaves (orange).
- Plastic roof slates (blue).
- Plastic windows (yellow).
- Plastic door (yellow).
- One plastic cowboy figure.
- One plastic horse figure.
- Instruction sheet.

3. ASSEMBLY INSTRUCTIONS

LINCOLN LOGS are designed for easy assembly. The wooden logs feature indentations that allow them to connect securely. Follow these general steps for construction:

1. **Foundation:** Begin by laying a base layer of logs to form the perimeter of your structure. Ensure the indentations align for stability.
2. **Walls:** Stack subsequent layers of logs, interlocking them at the corners. Insert plastic windows and doors into the designated log openings as you build upwards.
3. **Roof Support:** Once walls reach the desired height, place logs to support the roof structure.
4. **Roof Assembly:** Attach the plastic roof eaves and slates to form the roof.
5. **Details:** Add the cowboy and horse figures to complete your scene.

Refer to the included instruction sheet for detailed, step-by-step directions for specific models.

Video: An official Lincoln Logs video demonstrating the ease of stacking and connecting the logs to build various structures. It shows children and adults engaging in the building process, highlighting the toy's appeal across generations.

4. BUILDING IDEAS

The Oak Creek Lodge set allows for the construction of multiple designs. The included instruction sheet provides guidance for building three distinct lodges and two stables. Beyond these, the open-ended nature of LINCOLN LOGS encourages creativity to build your own unique structures.

Model Configuration No. 1: Oak Creek Lodge

Construct the primary Oak Creek Lodge as depicted on the packaging and in the instruction manual. This model utilizes a significant portion of the 137 pieces to create a detailed cabin with windows and a door.

Model Configuration No. 2: Corral

Utilize the logs to build a simple corral structure, perfect for housing the included horse figure. This design focuses on creating an enclosed space.

Model Configuration No. 3: Stable

Build a stable for the horse, incorporating roof pieces to provide shelter. This design often features an open side for easy access.

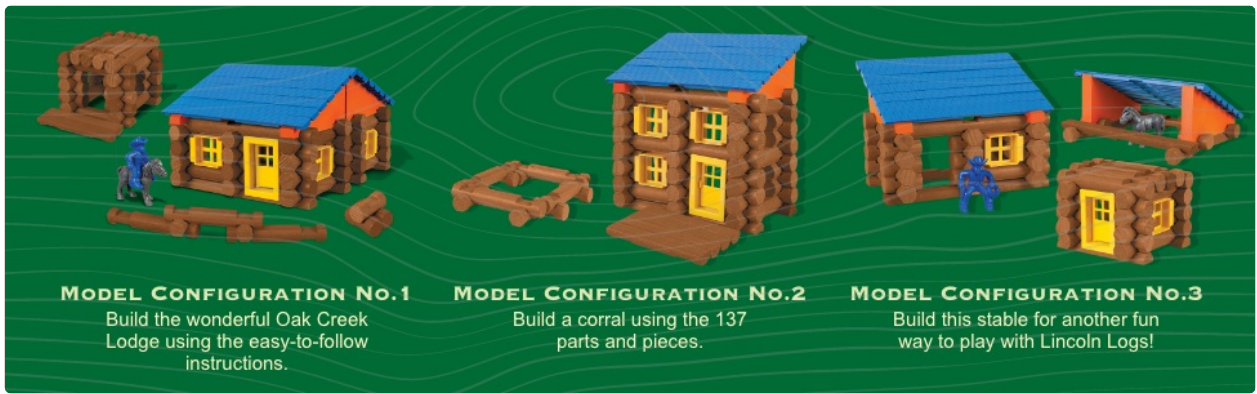

Image: A visual guide showing three possible building configurations for the Lincoln Logs set: a complete lodge, a simple corral, and a stable, demonstrating the versatility of the pieces.

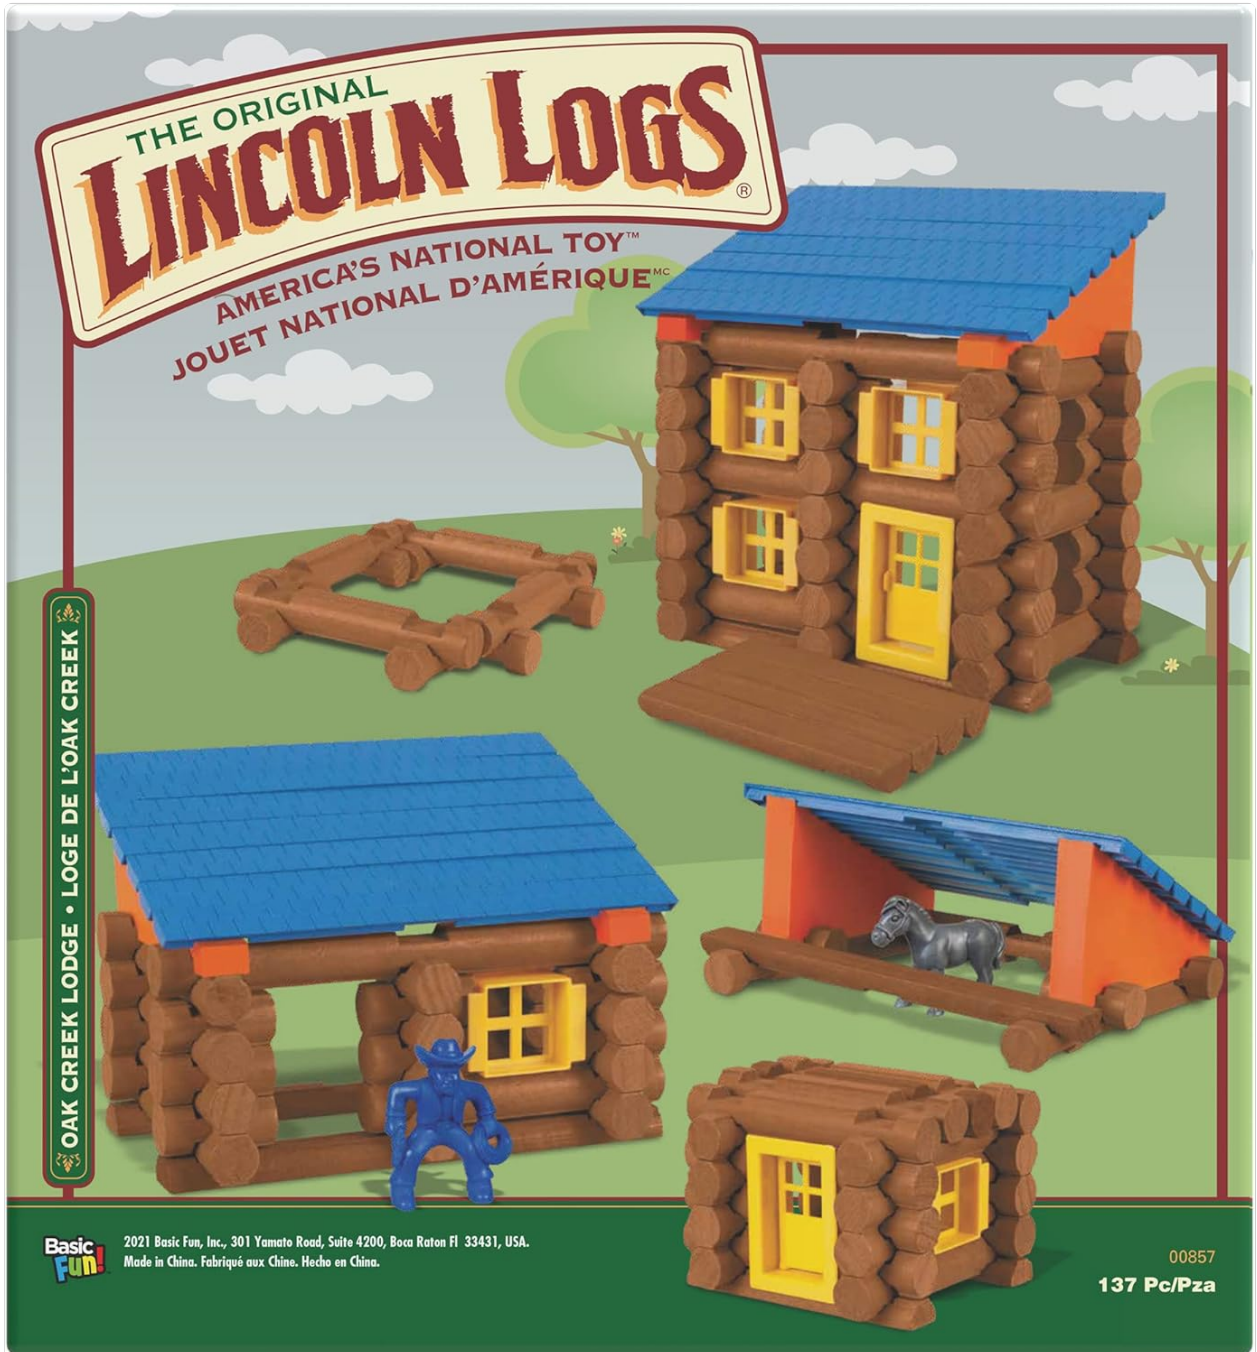

Image: The reverse side of the product box, illustrating several completed structures that can be assembled using the Lincoln Logs pieces, offering inspiration for different builds.

5. CARE AND MAINTENANCE

To ensure the longevity of your LINCOLN LOGS set, follow these care guidelines:

- **Cleaning:** Wipe wooden logs and plastic pieces with a dry or slightly damp cloth. Avoid harsh chemicals or excessive moisture, which can damage the wood.
- **Storage:** Store all pieces in a dry place away from direct sunlight and extreme temperatures to prevent warping or fading. The original packaging or a suitable storage container is recommended.
- **Handling:** Encourage gentle handling of the wooden logs to prevent nicks or breaks.

6. TROUBLESHOOTING

If you encounter any issues with your LINCOLN LOGS set, consider the following:

- **Difficulty Connecting Logs:** Ensure the indentations on the logs are properly aligned. Sometimes a slight twist or gentle pressure is needed to secure the connection.
- **Unstable Structures:** Double-check the foundation and ensure all logs are firmly interlocked. A wider base can improve stability for taller structures.
- **Missing or Broken Parts:** If you find yourself in need of a replacement for any reason, please contact customer support as detailed in the Warranty and Support section.

7. SPECIFICATIONS

Brand Name:	Lincoln Logs
Model Number:	00857
Set Name:	Oak Creek Lodge
Pieces Included:	137 pieces; instructions
Material Type:	Maple Wood
Age Range:	3-6 years (Manufacturer Minimum Age: 36 months, Manufacturer Maximum Age: 72 months)
Item Dimensions (L x W x H):	11.5 x 3.5 x 12.5 inches
Item Weight:	3.3 Pounds
GTIN/UPC:	744476008572
Manufacturer:	K'NEX

8. WARRANTY AND SUPPORT

LINCOLN LOGS offers a lifetime warranty against manufacturer's defects. For any broken or missing parts, or for general support, please contact K'NEX customer service. Contact information can typically be found on the product packaging or the manufacturer's official website.

Parts Guarantee: If you find yourself in need of a replacement for any reason, contact the manufacturer for assistance.

9. SAFETY INFORMATION

WARNING: CHOKING HAZARD – Small parts. Not for children under 3 years.

Always supervise young children during play to ensure safe use of all components. Keep small parts away from children under 3 years of age to prevent choking hazards.
