Staying current with software updates is crucial for maintaining optimal performance and expanding the diagnostic capabilities of your MaxiSys MS908 tool. This update program is part of the Autel Total Care Program (TCP), designed to keep your diagnostic operations efficient and effective.

KEEP YOUR SHOP CRUISING WITHOUT SPEED-BUMPS.

STAY CURRENT WITH THE LATEST AUTEL SOFTWARE SUBSCRIPTIONS AND INCREASE THE VALUE OF YOUR INVESTMENT WITH THE AUTEL TOTAL CARE PROGRAM (TCP).

The Autel Total Care Program is much more than an extended warranty plan. When you subscribe to an Autel TCP, you'll reduce out-of-pocket device repair costs as well as shop downtime. In addition, you'll also get to take advantage of new features and functions as they roll out from Autel, including expanded coverage for the latest vehicle makes and models.

Updating your tool coverage is fast and easy and the Autel Total Care Program will keep your tool running and provide you unlimited access to the latest software and functionality for a full year.

3. SETUP AND ACTIVATION

To activate your 1-year software update subscription for the Autel MaxiSys MS908, follow these steps:

1. **Locate the Activation Code:** Carefully open the packaging and locate the 1-Year Software Update Activation Card. The card will contain a unique activation code.
2. **Access Autel Update Portal:** Power on your Autel MaxiSys MS908 diagnostic tool and ensure it is connected to a stable internet connection (Wi-Fi is recommended).
3. **Register/Login:** If you haven't already, register your MaxiSys MS908 tool on the Autel official website or through the tool's update application. Log in to your Autel account.

4. **Enter Activation Code:** Navigate to the 'Update' or 'Subscription Renewal' section within your Autel account or directly on the MaxiSys MS908 tool. Enter the activation code from your card into the designated field.
5. **Confirm Activation:** Follow the on-screen prompts to confirm the activation. Once successful, your MaxiSys MS908 tool will be registered for one year of software updates.

The 1-year update period begins from the date of successful activation.

4. OPERATING INSTRUCTIONS (UTILIZING UPDATES)

Once your 1-year software update subscription is active, your MaxiSys MS908 tool will be eligible to receive all new and updated software releases. These updates provide several key benefits:

- **Tool Function Upgrades:** Access the latest diagnostic functions, special features, and system optimizations developed by Autel.
- **Latest Vehicle Coverage:** Ensure your tool supports the newest vehicle makes and models, allowing you to diagnose a wider range of vehicles.

To download and install updates on your MaxiSys MS908 tool:

1. **Connect to Internet:** Ensure your MaxiSys MS908 is connected to a stable internet connection.
2. **Access Update Application:** On the MaxiSys MS908 main menu, tap the 'Update' application icon.
3. **Check for Updates:** The tool will automatically check for available software updates.
4. **Download and Install:** Select the updates you wish to install and tap 'Download'. Once downloaded, follow the on-screen instructions to install them. It is recommended to install all available updates for comprehensive coverage and functionality.

5. MAINTENANCE

To ensure your Autel MaxiSys MS908 tool consistently benefits from the latest software, regular maintenance of your update subscription is advised:

- **Periodic Checks:** Regularly check the 'Update' application on your MaxiSys MS908 tool for new software releases. Autel frequently releases updates to enhance performance and expand vehicle coverage.
- **Stable Internet Connection:** Always ensure a strong and stable internet connection when downloading and installing

updates to prevent data corruption or incomplete installations.

- **Timely Renewal:** Note the expiration date of your 1-year subscription. Renewing your update program before it expires ensures uninterrupted access to new software.

6. TROUBLESHOOTING

If you encounter issues with your Autel MS908 1-Year Software Update Program, consider the following:

- **Activation Code Not Accepted:** Double-check that the activation code is entered correctly, paying attention to any similar-looking characters (e.g., '0' and 'O', '1' and 'l'). Ensure the code has not been previously used.
- **No Updates Available:** Verify that your MaxiSys MS908 tool has a stable internet connection. Confirm that your 1-year subscription is active and has not expired.
- **Update Download Failure:** Ensure sufficient storage space on your MaxiSys MS908 tool. Check your internet connection stability. Try restarting the tool and attempting the download again.
- **Tool Functionality Issues After Update:** If the tool exhibits unexpected behavior after an update, try performing a system restore to a previous version (if available) or contact Autel technical support for guidance.
