## Bburago 26001

# Bburago LaFerrari 1/24 Scale Diecast Model Vehicle User Manual

Model: 26001

## 1. INTRODUCTION

Thank you for choosing the Bburago LaFerrari 1/24 Scale Diecast Model Vehicle. This model is a detailed replica designed for display and light interaction. It features a durable metal body with plastic components, offering a realistic representation of the iconic LaFerrari.

This manual provides essential information regarding the unboxing, operation, maintenance, and specifications of your diecast model. Please read it carefully to ensure proper handling and longevity of your product.

## 2. UNBOXING AND INITIAL INSPECTION

Carefully remove the diecast model from its packaging. The model is secured within an original factory window retail box. Ensure all protective materials are removed before handling the vehicle.

Figure 2.1: The Bburago LaFerrari diecast model as packaged in its original retail window box. The box protects the

model during transport and is suitable for display.

After unboxing, inspect the model for any visible damage or loose parts. While Bburago models are crafted with attention to detail, minor imperfections can occur. If you notice significant damage, refer to the 'Warranty and Support' section.

### 3. FEATURES AND OPERATION

---

Your Bburago LaFerrari diecast model includes several functional elements designed to enhance its realism:

- **Opening Doors:** The driver and passenger side doors can be carefully opened to reveal the detailed interior. Gently pull the door handle area to open.
- **Opening Engine Compartment:** The rear engine cover can be opened to showcase the replicated engine details. Locate the small tab or seam at the rear of the vehicle and lift gently.
- **Full Function Steering:** The front wheels are connected to the steering mechanism, allowing them to turn left and right. This feature is for display purposes and light posing.

**Figure 3.1:** The engine compartment of the LaFerrari model opened, revealing the detailed engine replica. This feature allows for a closer look at the internal components.

**Figure 3.2:** A front three-quarter view of the Bburago LaFerrari diecast model, showcasing its overall design and the front wheels which can be steered.

When operating these features, always use gentle pressure to avoid damaging the delicate parts. Avoid forcing any components beyond their intended range of motion.

## 4. CARE AND MAINTENANCE

To maintain the appearance and functionality of your diecast model, follow these care guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to gently wipe dust from the model. For stubborn dirt, slightly dampen the cloth with water (no harsh chemicals or abrasives).
- **Handling:** Always handle the model by its main body. Avoid gripping delicate parts like mirrors, spoilers, or antennas, as these can break easily.
- **Display:** Store the model in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity. Prolonged exposure to sunlight can fade the paint.
- **Storage:** If storing the model for an extended period, consider returning it to its original packaging or a display case to protect it from dust and accidental damage.

**Figure 4.1:** A rear three-quarter view of the Bburago LaFerrari diecast model, illustrating its detailed rear design. Regular cleaning helps maintain its pristine condition.

## 5. TROUBLESHOOTING

Most issues with diecast models are related to handling. Here are some common concerns and general advice:

- **Stiff Moving Parts:** If doors or the engine compartment feel stiff, apply very gentle, consistent pressure. Avoid forcing them. Over time, mechanisms can become slightly stiff if not operated regularly.
- **Loose Parts:** Small parts like mirrors or wipers can sometimes become loose. If a part detaches, it may be reattached using a small amount of model-safe adhesive, applied carefully with a toothpick.
- **Scratches/Paint Chips:** Minor scratches or paint chips can occur with handling. These are generally not repairable without specialized tools and paint. Prevention through careful handling is key.

If you encounter a problem that cannot be resolved with these tips, please contact customer support.

## 6. PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Bburago
Model Number	26001
Scale	1/24
Material	Diecast metal body with plastic parts
Product Dimensions	7.09 x 3.54 x 2.76 inches
Item Weight	15.8 ounces
Manufacturer Recommended Age	36 months - 15 years

Release Date	December 15, 2021
What's in the Box	One diecast vehicle

## 7. WARRANTY AND SUPPORT

---

Bburago diecast models are manufactured to high standards. For specific warranty information or to inquire about support for your product, please refer to the documentation included with your purchase or visit the official Bburago website. Keep your proof of purchase for any warranty claims.

For general inquiries or assistance, you may also contact the retailer from whom the product was purchased.
