DeVilbiss DEV-803816 Cotton Tack Wipe Instruction Manual

Model: DEV-803816

INTRODUCTION

This manual provides instructions for the proper use and care of your DeVilbiss DEV-803816 Cotton Tack Wipe. Please read these instructions carefully before use to ensure optimal performance and safety.

PRODUCT OVERVIEW

The DeVilbiss DEV-803816 is an all-purpose, medium tack cotton wipe designed for surface preparation. It is made from 24 X 20 cotton mesh, providing a soft material that contours to various surfaces. This tack wipe is compatible with all types of paints, non-toxic, and free of wax and silicone. It is engineered to leave no residue, effectively removing dirt, lint, dust, and sanding particulates from surfaces before painting or finishing.

SETUP

The DeVilbiss DEV-803816 Cotton Tack Wipe requires minimal setup. It is ready for immediate use directly from its packaging.

1. **Unpack:** Carefully remove the tack wipe from its protective packaging.
2. **Inspect:** Before use, visually inspect the tack wipe for any signs of damage or contamination. Ensure it is clean and free of any foreign particles.
3. **Prepare Surface:** Ensure the surface to be cleaned is dry and free of any loose debris that could scratch the surface when wiped.

OPERATING INSTRUCTIONS

Follow these steps for effective use of the DeVilbiss DEV-803816 Cotton Tack Wipe:

1. **Unfold:** Gently unfold the tack wipe to its full size.

2. **Wipe Surface:** Lightly wipe the surface to be painted or finished using a smooth, even motion. The tack wipe will pick up dust, lint, and other particulates.
3. **Fold and Re-use:** As the tack wipe collects debris, fold it to expose a clean section. Continue wiping with clean sections until the entire surface is free of contaminants.
4. **Dispose:** Once the tack wipe is saturated with debris or no longer effectively picking up particles, dispose of it according to local regulations.

Important: Do not press too hard, as this may transfer tack material to the surface. Use a light touch for best results.

MAINTENANCE

The DeVilbiss DEV-803816 Cotton Tack Wipe is a single-use product and does not require maintenance. For optimal performance, always use a fresh tack wipe for critical applications.

- **Storage:** Store unused tack wipes in their original sealed packaging in a cool, dry place away from direct sunlight and extreme temperatures.
- **Disposal:** Dispose of used tack wipes responsibly. If used with hazardous materials, follow appropriate hazardous waste disposal procedures.

TROUBLESHOOTING

This product is straightforward to use, but here are some common issues and solutions:

Problem	Possible Cause	Solution
Tack wipe not picking up dust effectively.	Tack wipe is saturated or too dry.	Fold to a clean section or use a new tack wipe. Ensure proper storage to prevent drying.
Residue left on surface.	Excessive pressure applied during wiping.	Use a lighter touch. Ensure the surface is clean before tacking.
Surface still dusty after wiping.	Incomplete wiping or heavily contaminated surface.	Wipe thoroughly, ensuring all areas are covered. Use multiple tack wipes if necessary for very dusty surfaces.
