

PINOLINO 172026

Pinolino Classic Bed Rail (Natural)

Model: 172026

INTRODUCTION

Thank you for choosing the Pinolino Classic Bed Rail. This bed rail is designed to provide optimal safety for children transitioning from a crib to a larger bed, or for use in junior, toddler, or parent beds. Crafted from solid, untreated beech wood, it offers a timeless and natural aesthetic while ensuring durability and reliability. This manual provides essential information for the safe and effective use of your bed rail.

The bed rail measures approximately 90 cm in length, 32 cm in width, and 36 cm in height. It is suitable for mattresses up to 15 cm in height. The product comes pre-assembled, requiring no complex setup.

SETUP

The Pinolino Classic Bed Rail is designed for quick and easy installation without the need for tools or complex assembly. It is delivered pre-assembled and ready for immediate use.

1. **Prepare the Bed:** Ensure the bed is stable and the mattress is in place. The bed rail is compatible with mattresses up to 15 cm in height.
2. **Position the Bed Rail:** Simply slide the base of the bed rail under the mattress. Position it along the side of the bed where fall protection is needed.
3. **Secure with Connecting Strap:** Locate the included connecting strap. This strap is crucial for optimal stability. Secure one end of the strap to the bed rail and the other end to the slatted frame of the bed. Ensure the strap is taut to prevent the bed rail from shifting.

Once installed, gently push and pull the bed rail to confirm it is securely in place and does not move easily. Always ensure the mattress fully covers the base of the bed rail for stability.

OPERATING INSTRUCTIONS

The Pinolino Classic Bed Rail is designed to provide a secure barrier, preventing children from accidentally falling out of bed during sleep. Its simple design ensures ease of use.

- **Daily Use:** Once installed, the bed rail remains in position, offering continuous protection.
- **Folding Function:** The bed rail features a convenient folding mechanism. This allows it to be easily folded flat for storage or transport, making it ideal for travel or when not in use. To fold, simply release the locking mechanism (if present, typically a hinge) and collapse the sides.
- **Versatile Application:** This bed rail is suitable for various bed types, including junior beds, toddler beds, and adult beds, making it a versatile safety solution for different sleeping arrangements.

MAINTENANCE

To ensure the longevity and hygiene of your Pinolino Classic Bed Rail, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the bed rail with a damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive water, as these can damage the untreated beech wood.
- **Drying:** After cleaning, immediately wipe the surface dry with a clean, soft cloth to prevent moisture absorption.
- **Inspection:** Periodically inspect the bed rail for any signs of wear, damage, or loose components. Ensure the connecting strap is intact and securely fastened.
- **Storage:** When not in use, store the folded bed rail in a dry place away from direct sunlight and extreme temperatures to preserve the wood's integrity.

TROUBLESHOOTING

If you encounter any issues with your Pinolino Classic Bed Rail, please refer to the following common solutions:

- **Bed Rail Feels Unstable:**
 - Ensure the bed rail is fully slid under the mattress.
 - Verify that the connecting strap is properly attached to both the bed rail and the bed's slatted frame, and that it is pulled taut.
 - Check if your mattress height exceeds 15 cm, as this can affect stability.
- **Difficulty Folding/Unfolding:**
 - Ensure no obstructions are preventing the hinges from moving freely.
 - Apply gentle, even pressure when folding or unfolding. Do not force the mechanism.
- **Wood Appears Dry or Worn:**
 - As the bed rail is made of untreated beech wood, it can be maintained with child-friendly wood oil or wax if desired, to nourish the wood and protect its surface.

If these steps do not resolve the issue, please contact Pinolino customer support for further assistance.

SPECIFICATIONS

Attribute	Detail
Brand	PINOLINO
Model Number	172026
Material	Untreated Beech Wood
Color	Natural
Product Dimensions (L x W x H)	90 x 32 x 36 cm (approx. 5.1 cm depth when folded)
