Olaplex No. 3 Hair Perfector

Olaplex No. 3 Hair Perfector Repairing Hair Treatment User Manual

BRAND: OLAPLEX | MODEL: NO. 3 HAIR PERFECTOR

Introduction

The Olaplex No. 3 Hair Perfector is a concentrated at-home treatment designed to repair and strengthen hair. It works by relinking broken disulfide bonds caused by chemical, thermal, and mechanical damage. This formula is suitable for all hair types, aiming to reduce breakage and improve the overall look and feel of your hair.

Product Benefits:

- Repairs damaged hair and broken bonds.
- Restores healthy appearance and texture.
- Reduces future breakage.
- Leaves hair soft, shiny, and healthy.

Usage Instructions

For optimal results, follow these steps:

1. **Preparation:** Before shampooing, dampen hair and towel-dry it. The hair should be damp, not dripping wet.
2. **Application:** Apply a generous amount of Olaplex No. 3 from roots to ends, ensuring the hair is thoroughly saturated.
3. **Processing Time:** Leave the treatment on for a minimum of 10 minutes. For more intense repair, you may leave it on for longer, but results will not significantly change beyond this minimum.
4. **Rinse:** Rinse hair thoroughly to remove the product.
5. **Follow-up:** For best results, shampoo with Olaplex No. 4 Bond Maintenance Shampoo and condition with Olaplex No. 5 Bond Maintenance Conditioner.
6. **Frequency:** Use 1 time per week for healthy hair, or 2-3 times per week for damaged hair.
