BePuzzled Original 3D Crystal Puzzle: Cat & Kitten Instruction Manual

Model: 30904

INTRODUCTION

Welcome to the world of BePuzzled Original 3D Crystal Puzzles! This manual provides comprehensive instructions for assembling your Cat & Kitten 3D Crystal Puzzle. Designed for ages 12 and up, this puzzle offers a unique and rewarding building experience, resulting in a beautiful, translucent sculpture.

The BePuzzled Original 3D Crystal Puzzles feature uniquely shaped, interlocking crystalline pieces that snap together without the need for glue. This particular model, the Cat & Kitten, consists of 49 pieces that form two charming feline figures.

WHAT'S IN THE BOX

Your BePuzzled Original 3D Crystal Puzzle package should contain the following items:

- 49 Crystal Puzzle Pieces (translucent, interlocking)
- 1 Tightening Key
- 1 Sticker Sheet (for eyes and other details)

ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your Cat & Kitten 3D Crystal Puzzle:

1. **Preparation:** Carefully open the package and spread all 49 crystal pieces on a clean, flat surface. It is recommended to sort the pieces by shape and size, paying close attention to the distinct pieces for the larger cat and the smaller kitten.

Image: Various translucent puzzle pieces laid out on a glass table, ready for assembly.

2. **Identify Key Pieces:** Locate the base pieces for both the cat and the kitten. These are typically flatter and provide the foundation for the structure. Also, identify the central rod or core pieces that will hold the layers together.
3. **Begin Assembly:** Start by building the kitten first, as it has fewer pieces. Refer to the included diagrams or the image on the packaging for guidance on the order of assembly. Pieces are designed to interlock snugly.

Image: A person's hands carefully examining and holding two translucent puzzle pieces, preparing to connect them.

4. **Layer by Layer:** Continue adding pieces layer by layer, ensuring each piece fits securely. The translucent nature of the pieces means that internal connections are often visible, which can aid in proper placement.

Image: A person's hands in the process of connecting two translucent puzzle pieces, demonstrating the interlocking mechanism.

5. **Use the Tightening Key:** If pieces are loose or difficult to fit, use the provided tightening key to gently push them into place. Avoid excessive force to prevent damage.
6. **Attach Details:** Once the main body of the cat and kitten are assembled, apply the eye stickers from the sticker sheet. Small tweezers may be helpful for precise placement of these small stickers.
7. **Final Check:** Ensure all pieces are securely interlocked and the figures are stable.

MAINTENANCE AND CARE

To keep your 3D Crystal Puzzle looking its best:

- **Cleaning:** Gently dust the assembled puzzle with a soft, dry cloth. Avoid using abrasive cleaners or excessive moisture, as this may dull the finish or affect the stickers.
- **Handling:** Handle the puzzle with care to prevent pieces from dislodging. While designed to be sturdy, rough handling can cause separation.
- **Storage:** If disassembling for storage, keep all pieces together in a secure container to prevent loss.

TIPS FOR ASSEMBLY

If you encounter difficulties during assembly, consider the following tips:

- **Patience is Key:** 3D Crystal Puzzles require patience and spatial reasoning. Take your time and enjoy the process.
- **Sort Pieces:** Sorting pieces by color, shape, or size can significantly simplify the assembly process.
- **Reference Diagrams:** Always refer to the included diagrams or the product image for guidance on piece placement.
- **Online Solutions:** If you get stuck, free online step-by-step solutions are available on the BePuzzled website.

SPECIFICATIONS

Brand Name	Bepuzzled
Model Number	30904
UPC	023332309047
Number of Pieces	49
