NERF Rebelle Codebreaker Crossbow Blaster Instruction Manual

Model: B1703

1. INTRODUCTION

The NERF Rebelle Codebreaker Crossbow Blaster is designed for engaging play, featuring real crossbow action and an 8-dart rotating drum for rapid firing. This blaster includes a unique passcode lock mechanism for exclusive use and special Message Darts for secret communication. This manual provides essential information for the safe and proper use, setup, and maintenance of your blaster.

2. SAFETY INFORMATION

WARNING: To avoid injury:

- Do not aim at eyes or face.
- Use only darts designed for this product. Do not modify darts or the blaster.
- Adult supervision is recommended during play.

Always ensure a clear play area and be aware of your surroundings to prevent accidents.

4. SETUP

4.1. Assembly

The NERF Rebelle Codebreaker Crossbow Blaster requires no assembly. It is ready for use directly out of the packaging.

4.2. Loading Darts

1. Ensure the blaster is not primed.
2. Insert darts one by one into the 8-dart rotating drum.
3. Push each dart firmly until it is fully seated within the drum. Darts must be pushed all the way in for proper firing.

4.3. Setting the Passcode

The blaster features a passcode lock for exclusive use. Refer to the specific instructions included in the physical packaging for setting and resetting your unique passcode. This mechanism prevents unauthorized firing of the blaster.

5. OPERATING INSTRUCTIONS

5.1. Firing the Blaster

1. Ensure the passcode lock is disengaged (if set).
2. Pull back the priming handle (bowstring) until it locks into place. This primes the blaster.
3. Aim at your target, ensuring it is clear of people or animals.
4. Pull the trigger to fire a dart.
5. To rapid-fire, continue pulling the priming handle and trigger in quick succession. The 8-dart rotating drum will advance automatically.

5.2. Using Message Darts and Decoder

The Codebreaker Crossbow includes a special Message Dart and a decoder. Write secret messages on the Message Dart and use the decoder to reveal messages written by others. This feature adds an element of espionage to your play.

6. MAINTENANCE

To ensure the longevity and optimal performance of your blaster:

- Keep the blaster clean and free of dust and debris. Wipe with a dry cloth as needed.
- Store the blaster and darts in a cool, dry place away from direct sunlight.
- Do not use water or chemical cleaners on the blaster.

7. TROUBLESHOOTING

- **Darts not firing or jamming:**
Ensure darts are fully inserted into the drum. If darts are not pushed all the way in, the blaster may

not fire correctly. Check for any damaged darts and replace them if necessary.

• **Trigger locking unexpectedly:**

The trigger lock mechanism can be sensitive. If the trigger locks, ensure your passcode is correctly entered and the lock is fully disengaged. Adjust the middle dial of the trigger lock if it feels too sensitive or is not engaging/disengaging properly.

• **Reduced firing range:**

Ensure darts are in good condition and not worn out. Only use official NERF darts designed for this product.
