hofstein Biot LED Floor Lamp H165424 User Manual

Model: H165424

1. INTRODUCTION

Thank you for choosing the hofstein Biot LED Floor Lamp. This manual provides essential information for the safe and efficient use of your new lamp. Please read these instructions carefully before assembly and operation, and retain them for future reference.

The Biot LED Floor Lamp features a main uplight with 18 Watts and 1620 Lumens, and an adjustable reading light with 5 Watts and 450 Lumens, both emitting a warm white light at 3000 Kelvin. It is designed for indoor use and includes a stepless dimmer function.

2. SAFETY INSTRUCTIONS

- Ensure the power supply is disconnected before assembly, cleaning, or maintenance.
- This product is for indoor use only. Do not expose to moisture or extreme temperatures.
- Do not attempt to modify or repair the lamp. Repairs should only be performed by qualified personnel.
- The LED bulbs are non-replaceable. Do not attempt to remove or replace them.
- Keep packaging materials out of reach of children to prevent choking hazards.
- Position the lamp on a stable, level surface to prevent tipping.

3. PACKAGE CONTENTS

Carefully unpack the box and ensure all components are present and undamaged. If any parts are missing or damaged, contact customer support before proceeding.

- Lamp Base
- Main Lamp Pole Sections (typically 2-3 sections)
- Uplight Head with integrated LED
- Reading Light Arm with integrated LED
- Power Cable with Foot Switch
- Assembly Tools (if applicable, e.g., small wrench)

4. SETUP AND ASSEMBLY

Follow these steps to assemble your hofstein Biot LED Floor Lamp:

1. **Attach the Lamp Pole Sections:** Carefully screw the pole sections together, starting from the base. Ensure each section is securely tightened to prevent wobbling.
2. **Connect the Uplight Head:** Attach the upright head to the top pole section. Ensure the electrical connection is firm.
3. **Install the Reading Light:** Secure the reading light arm to the designated point on the main pole. The arm is adjustable for optimal positioning.
4. **Position the Lamp:** Place the assembled lamp in your desired location, ensuring it is stable and the power cable can reach an outlet without tension.
5. **Connect to Power:** Plug the power cable into a standard electrical outlet.

5. OPERATING INSTRUCTIONS

The hofstein Biot LED Floor Lamp is operated via a foot switch located on the power cable.

- **Power On/Off:** Press the foot switch once to turn the lamp on or off.
- **Dimming Function:** The lamp features a stepless dimmer. To adjust brightness, press and hold the foot switch. The light intensity will gradually increase or decrease. Release the switch when the desired brightness is reached.
- **Adjusting the Reading Light:** The reading light arm is flexible. Gently bend the arm to direct the light as needed.

Image 5.2: Detail of the integrated stepless dimmer switch.

6. MAINTENANCE

To ensure the longevity and optimal performance of your lamp, follow these maintenance guidelines:

- **Cleaning:** Disconnect the lamp from the power supply before cleaning. Use a soft, dry cloth to wipe the metal and glass surfaces. Do not use abrasive cleaners, solvents, or polishes, as these can damage the finish.
- **Inspection:** Periodically check the power cable and plug for any signs of damage. If damage is found, discontinue use and contact customer support.
- **LED Care:** The integrated LED modules are designed for long life and do not require replacement. Avoid touching the LED surfaces directly.

7. TROUBLESHOOTING

If you encounter issues with your lamp, refer to the following troubleshooting steps:

Problem	Possible Cause	Solution
Lamp does not turn on	No power supply	Check if the plug is securely inserted into the outlet. Test the outlet with another device.
Lamp flickers or dims unexpectedly	Loose connection or power fluctuation	Ensure all pole sections are tightly screwed. Try plugging into a different outlet.
Dimming function not working	Incorrect operation	Ensure you are pressing and holding the foot switch for dimming, not just pressing it briefly.

If the problem persists after attempting these solutions, please contact hofstein customer support.

8. SPECIFICATIONS

Feature	Detail
Brand	hofstein
Model Number	H165424
Product Dimensions (L x W x H)	28 x 28 x 181 cm
Material	Metal, Glass
Color	Antique Brass
Style	Country, Modern
Number of Bulbs	2 (integrated LED)
Main Uplight Power	18 Watts
Main Uplight Luminous Flux	1620 Lumens
Reading Light Power	5 Watts
Reading Light Luminous Flux	450 Lumens
Total Luminous Flux	2070 Lumens
Color Temperature	3000 Kelvin (Warm White)
Dimmable	Yes (Stepless dimmer via foot switch)
Bulbs Replaceable	No (Integrated LED)
Switch Type	Foot Switch
Energy Efficiency Class	F
Specific Uses	Indoor use
