2. IMPORTANT SAFETY INFORMATION

Legal Disclaimer: This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. Please handle and use the product responsibly and in accordance with all local regulations.

3. PRODUCT OVERVIEW

The Conair All-In-1 Precision Trimmer is designed for ease of use and versatility. It features a main trimmer unit and several interchangeable attachments to cater to different grooming needs.

3.1 Components

- **Main Trimmer Unit:** The cordless, lithium-powered handle that houses the battery and motor.
- **Wide Blade Trimmer Head:** For general facial and body hair trimming.

- **Eyebrow Shaping Combs (2 sizes):** Attachments for precise eyebrow trimming and shaping.
- **Nose/Ear Attachment:** A specialized head for safely trimming hair in the nose and ear areas.
- **1 AAA Dry-Cell Lithium Battery:** Powers the device.

4. SETUP

4.1 Battery Installation

1. Gently twist the bottom part of the trimmer unit counter-clockwise to open the battery compartment.
2. Insert one AAA battery, ensuring the positive (+) and negative (-) ends align correctly with the markings inside the compartment.
3. Twist the bottom part clockwise to securely close the battery compartment.

4.2 Attaching Trimmer Heads

To attach a trimmer head, align the head with the main unit and gently twist or push until it clicks securely into place. To remove, twist or pull the head off.

5. OPERATING INSTRUCTIONS

Before first use, ensure the device has a fresh AAA battery installed. Always ensure your skin is clean and dry before trimming.

5.1 General Usage

1. Select the appropriate attachment for the area you wish to trim.
2. Turn on the device using the power switch.
3. Gently move the trimmer over the skin area, typically against the direction of hair growth, for optimal results. Avoid applying excessive pressure.
4. After use, turn off the device and clean it as described in the Maintenance section.

5.2 Using the Wide Blade Trimmer Head

This attachment is ideal for general facial hair removal, as well as trimming hair on legs and the bikini line. Hold the trimmer at a slight angle against the skin and move it slowly for a smooth trim.

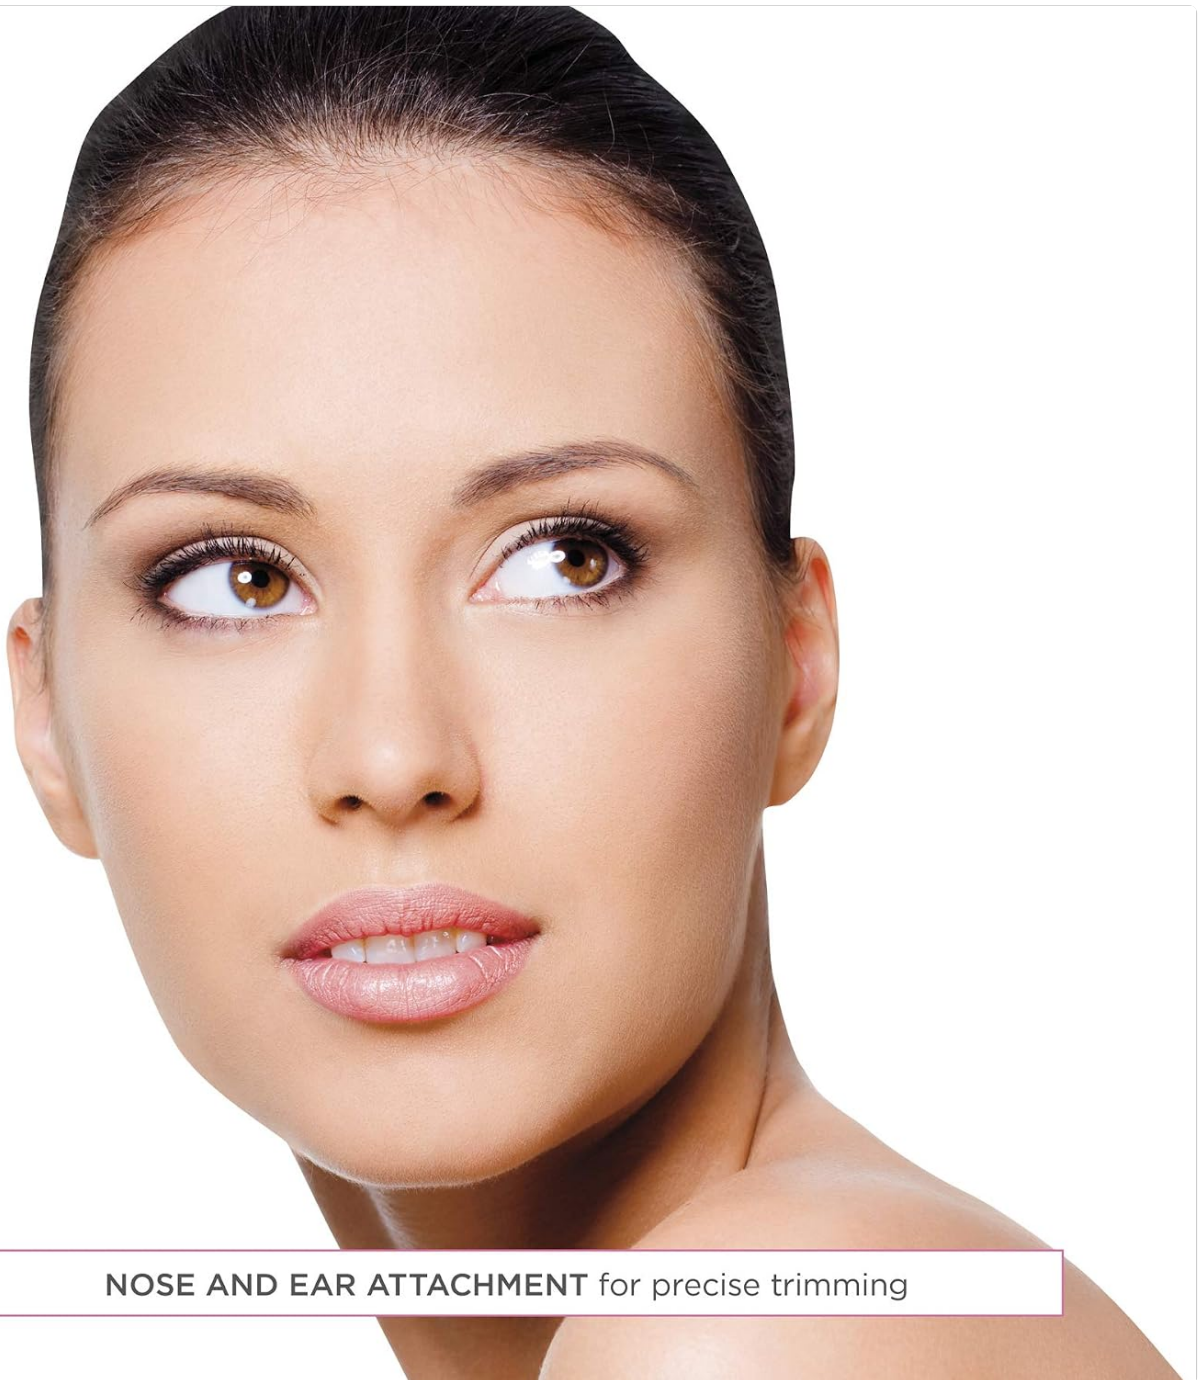

Image 5.1: Demonstrating the use of the wide blade trimmer for full body hair removal.

5.3 Using the Eyebrow Shaping Combs

Attach one of the two eyebrow combs to the wide blade trimmer head. Choose the comb that provides your desired hair length. Gently guide the trimmer over your eyebrows to shape and trim them evenly.

Image 5.2: Precise shaping of eyebrows using the eyebrow attachment.

5.4 Using the Nose/Ear Attachment

Replace the wide blade trimmer head with the nose/ear attachment. Carefully insert the trimmer tip into the nostril or ear canal. Move it gently in a circular motion to trim unwanted hair. Do not insert too deeply.

6. CARE AND MAINTENANCE

6.1 Cleaning the Trimmer Heads

1. After each use, turn off the trimmer and remove the attachment head.
2. Use the small cleaning brush (not included, but recommended) to brush away any trapped hairs from the blades and inside

the attachment.

- 3. The trimmer heads can be rinsed under running water. Ensure they are completely dry before reattaching or storing. Do not submerge the main trimmer unit in water as it is not waterproof.
- 4. Periodically, a drop of clipper oil (not included) can be applied to the blades to maintain optimal performance.

6.2 Storage

Store the trimmer and its attachments in a cool, dry place, away from direct sunlight and out of reach of children.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Trimmer does not turn on.	Battery is dead or incorrectly inserted.	Replace with a fresh AAA battery or ensure correct polarity.
Poor trimming performance.	Blades are clogged with hair or dull.	Clean the trimmer head thoroughly. Consider applying a drop of clipper oil. If performance does not improve, the blades may need replacement (contact customer support).
Trimmer pulls hair.	Blades are dull or unit is moving too fast.	Clean blades and apply oil. Move the trimmer more slowly and gently.
