1. PRODUCT OVERVIEW

This document provides essential information for the Genuine General Motors Door Trim Panel, Part #22818465. This component is designed as a direct replacement part for specific General Motors vehicles, ensuring a precise fit, form, and function as per original manufacturer specifications.

The door trim panel is an interior component that covers the inner structure of the vehicle door, providing aesthetic finish, housing for controls, and insulation. This specific part is manufactured from alloy steel and aluminum, finished in black, and is intended for the inside auto part position.

2. SAFETY INFORMATION

Always prioritize safety when working on your vehicle. Improper installation or handling of automotive parts can lead to injury or damage to the vehicle.

- Ensure the vehicle is parked on a level surface with the parking brake engaged.
- Disconnect the vehicle's battery before beginning any electrical work to prevent accidental shorts or activation of airbags.
- Wear appropriate personal protective equipment, including gloves and eye protection.
- Refer to your vehicle's service manual for specific instructions and torque specifications.
- If you are unsure about any step, consult a qualified automotive technician.

3. PACKAGE CONTENTS

Upon opening the package, verify that all components are present and undamaged. The package for Part #22818465 typically includes:

- One (1) Genuine GM Door Trim Panel (Part #22818465)
- Integrated foam insert (as applicable for specific vehicle models)

No additional fasteners or tools are typically included, as these are usually reused from the original installation or purchased separately.

4. INSTALLATION

This Genuine GM Door Trim Panel is designed for vehicle-specific fitment. Professional installation is recommended. If performing a DIY installation, ensure you have the necessary tools and refer to your vehicle's specific service

manual for detailed steps.

4.1 Pre-Installation Checks

- **Verify Part Compatibility:** Before installation, confirm that Part #22818465 is the correct door trim panel for your specific vehicle model and year. Providing your Vehicle Identification Number (VIN) to a parts specialist can help ensure correct color and fitment.
- **Inspect the Part:** Carefully inspect the new door trim panel for any shipping damage or manufacturing defects.
- **Gather Tools:** Typical tools may include trim removal tools, screwdrivers (Phillips and flathead), socket wrenches, and a clean cloth.

4.2 General Installation Steps (Consult Vehicle Service Manual for Specifics)

1. **Remove Old Panel:** Carefully remove the existing door trim panel. This typically involves removing screws hidden behind trim pieces, door handles, and window switch panels. Use a trim removal tool to gently pry off the panel without damaging clips or the door structure.
2. **Disconnect Components:** Disconnect any electrical connectors (e.g., for window switches, door locks, speakers) and mechanical linkages (e.g., door handle cables) from the old panel.
3. **Transfer Components (if necessary):** Some components, such as window switches, speakers, or door handles, may need to be transferred from the old panel to the new one.
4. **Connect New Panel:** Connect all electrical connectors and mechanical linkages to the new door trim panel. Ensure all connections are secure.
5. **Position New Panel:** Align the new door trim panel with the door frame. Ensure all clips and mounting points are correctly aligned.
6. **Secure Panel:** Gently press the panel into place, ensuring all clips engage. Reinstall any screws or fasteners that were removed.
7. **Test Functionality:** Before fully reassembling, test all door functions, including window operation, door locks, and interior lights, to ensure everything is working correctly.
8. **Final Assembly:** Reinstall any decorative trim pieces or covers.

5. MAINTENANCE

The Genuine GM Door Trim Panel requires minimal maintenance to retain its appearance and functionality.

- **Cleaning:** Clean the panel regularly with a soft, damp cloth and a mild automotive interior cleaner. Avoid harsh chemicals or abrasive materials that could damage the finish.
- **Inspection:** Periodically inspect the panel for any loose clips, screws, or signs of wear. Address any issues promptly to prevent further damage.
- **Avoid Excessive Force:** Do not apply excessive force to the panel, especially around integrated components like armrests or door handles, as this can cause cracking or breakage.

6. TROUBLESHOOTING

If you encounter issues after installing the door trim panel, consider the following:

- **Panel Does Not Fit Correctly:**
 - Double-check the part number against your vehicle's specifications. Ensure it is the correct panel for the specific door (front/rear, left/right).
 - Verify that all old clips or debris have been removed from the door frame.

- Ensure all wiring and linkages are properly routed and not obstructing the panel's fit.

- **Electrical Components Not Working:**

- Confirm all electrical connectors are securely plugged in.
- Check for any pinched or damaged wires.
- Ensure the vehicle's battery was reconnected properly.

- **Door Handle/Lock Not Functioning:**

- Verify that all mechanical linkages and cables are correctly attached and adjusted.
- Ensure no cables are kinked or binding.

If issues persist, it is recommended to consult a certified General Motors service center or an experienced automotive technician.

7. SPECIFICATIONS

Brand	General Motors
Part Number	22818465
Color	Black
Material	Alloy Steel, Aluminum
Auto Part Position	Inside
Fit Type	Vehicle Specific Fit
Compatible Vehicle Type	Car

8. WARRANTY & SUPPORT

This Genuine GM part is backed by General Motors' standard warranty for replacement parts. Warranty terms typically cover defects in material and workmanship under normal use and service.

For specific warranty details, claims, or technical support, please contact your authorized General Motors dealer or the original seller of the part. Keep your purchase receipt and part number readily available when contacting support.
