> Body Glove Endurance Armband for iPhone 6 (Model 9488001) Instruction Manual

## Body Glove 9488001

# Body Glove Endurance Armband for iPhone 6

## INSTRUCTION MANUAL

### 1. Introduction

---

Thank you for choosing the Body Glove Endurance Armband, Model 9488001. This armband is designed to provide secure and convenient access to your iPhone 6 during various activities, including sports and daily walks. It features an adjustable strap for a comfortable fit, touchscreen compatibility for easy phone operation, a dedicated headphone port, and a built-in key pocket.

Please read this manual thoroughly to ensure proper use and maintenance of your armband.

Figure 1: Body Glove Endurance Armband with iPhone 6. This image displays the armband's design, including the phone compartment, adjustable strap, and reflective detailing.

## 2. Setup

Follow these steps to prepare your Body Glove Endurance Armband for use:

1. **Insert Device:** Gently slide your iPhone 6 into the main compartment of the armband. Ensure the screen faces the clear protective window.
2. **Secure Armband:** Wrap the armband around your upper arm. The adjustable hook-and-loop closure allows for a secure and comfortable fit for various arm sizes.
3. **Adjust Fit:** Tighten or loosen the strap until the armband feels snug but not restrictive. It should not slide down your arm during activity.

## 3. Operating Instructions

The Body Glove Endurance Armband is designed for ease of use during your activities.

- **Touchscreen Access:** The clear protective window allows full access to your iPhone 6's touchscreen functions. You can navigate apps, answer calls, and control music without removing your phone from

the armband.

- **Headphone Port:** Locate the dedicated headphone port on the armband. Insert your headphone jack through this opening to connect to your device.
- **Key Pocket:** A small, integrated pocket is provided for storing a single key. This is ideal for house or locker keys during your workout.
- **Nighttime Visibility:** The armband features reflective detailing to enhance visibility during low-light conditions, improving safety for evening activities.

## 4. Maintenance

---

Proper care will extend the life of your armband.

- **Cleaning:** Hand wash the armband with mild soap and cold water. Do not use harsh detergents or bleach.
- **Drying:** Air dry completely. Do not machine wash or tumble dry, as this may damage the materials and reflective elements.
- **Storage:** Store in a cool, dry place away from direct sunlight when not in use.

## 5. Troubleshooting

---

If you encounter any issues with your armband, please refer to the following common solutions:

- **Phone Does Not Fit:** Ensure you are using an iPhone 6 (4.7-inch screen). This armband is specifically designed for this model.
- **Touchscreen Unresponsive:** Ensure the phone is properly seated and the screen is clean. Sometimes, a thin screen protector on the phone itself can interfere with touch sensitivity through the armband's window.
- **Armband Feels Too Tight/Loose:** Adjust the hook-and-loop strap until a comfortable and secure fit is achieved.
