## Planet Audio PATV65

# Planet Audio PATV65 ATV/UTV Sound System

## USER MANUAL

### Introduction

This manual provides essential instructions for the installation, operation, and maintenance of your Planet Audio PATV65 ATV/UTV Sound System. Please read this manual thoroughly before using the product to ensure proper functionality and safety. The PATV65 is a weatherproof, amplified sound system designed for powersports vehicles, featuring Bluetooth connectivity, auxiliary input, and an integrated LED lightbar.

### Safety Information

- Always ensure the vehicle's power is disconnected before installation to prevent electrical shock or damage.
- Securely mount the unit to prevent movement during vehicle operation, which could cause injury or damage.
- Do not operate the sound system at excessively high volumes for prolonged periods, as this may impair hearing or obscure important sounds from your surroundings.
- Ensure all wiring is properly insulated and protected from moving parts, heat, and sharp edges.
- This product is designed for 12V DC power sources only.
- Professional installation is strongly recommended to ensure proper and safe functionality.

### Package Contents

Verify that all items are present in the package:

- Planet Audio PATV65 Sound System Unit
- Bluetooth Multi-function Remote Controller
- Handlebar Mounting Kit
- Quick-Connect Power Accessory Extension Adaptor
- High-Strength Nylon Mounting Straps (4x)
- User Manual

## Product Overview

The Planet Audio PATV65 is a robust audio solution for your ATV or UTV, engineered for outdoor environments. Key features include:

- **Integrated Amplifier:** Powers the 6.5-inch poly injection cone speakers and 1.5-inch high-performance dome tweeters.
- **Bluetooth Connectivity:** Allows wireless audio streaming from compatible devices.
- **Auxiliary Input:** A 3.5mm input for wired connection to audio sources.
- **USB Charging Port:** Provides power for charging mobile devices.
- **IPX5 Weatherproof Rating:** Designed to withstand various weather conditions.
- **Built-in LED Lightbar:** Enhances visibility and provides additional illumination.
- **Multi-function Remote:** Wired remote for controlling power, volume, track, and LED lightbar.

Image: Icons illustrating key features: Plug & Play, Built-in Amplifier, Fully Marinized, IPX5 Rated Bluetooth Remote Control, Aux Input, USB Charging, Audio Streaming, and Built-in LED Lights.

## Setup and Installation

Follow these steps for proper installation:

### 1. Mounting the Sound System:

- Identify a secure location on your ATV/UTV rack or roll bar that does not obstruct your view or vehicle controls.
- Use the provided high-strength nylon mounting straps to firmly secure the PATV65 unit. Ensure the unit is stable and does not vibrate excessively.

### 2. Mounting the Remote Control:

- Attach the handlebar mounting kit to a convenient location on your handlebars.
- Secure the Bluetooth multi-function remote controller to the handlebar mount.

### 3. Power Connection:

- Connect the quick-connect power accessory extension adaptor to the PATV65 unit.

- Connect the other end of the power adaptor directly to your vehicle's 12V battery terminals (red to positive, black to negative). Ensure a secure connection.
- Alternatively, if your vehicle has a 12V accessory outlet, you may use the provided cigarette lighter adapter for power.

#### 4. Cable Management:

- Route all cables away from moving parts, exhaust systems, and sharp edges. Use cable ties to secure loose wiring.

Image: A side profile view of the Planet Audio PATV65, highlighting the integrated handles for secure mounting.

## Operating Instructions

### Power On/Off

Press and hold the power button on the multi-function remote control to turn the unit on or off.

### Bluetooth Pairing

1. Ensure the PATV65 is powered on.
2. On your mobile device, enable Bluetooth and search for available devices.
3. Select "Planet Audio PATV65" from the list.
4. Once paired, the unit will confirm the connection, and you can begin streaming audio.

### Auxiliary Input Usage

Connect your audio device (e.g., MP3 player, smartphone) to the 3.5mm auxiliary input jack on the PATV65 unit using a standard audio cable. The unit will automatically switch to auxiliary mode or can be selected via the remote.

### Audio Control

Use the multi-function remote control to:

- Adjust volume (Volume Up/Down buttons).
- Play/Pause audio (Play/Pause button).
- Skip tracks (Next/Previous Track buttons).

### LED Lightbar Operation

The integrated LED lightbar can be controlled using a dedicated button on the multi-function remote. Press the button to cycle through light modes or turn the lightbar on/off.

Image: The Planet Audio PATV65 sound system with its front-facing LED lightbar fully illuminated, demonstrating its lighting capability.

## USB Charging

Connect your USB-compatible device to the USB charging port on the PATV65 unit to charge it while the sound system is powered on.

## Maintenance

- Cleaning:** Use a soft, damp cloth to clean the exterior of the unit. Do not use harsh chemicals or abrasive cleaners.
- Weather Protection:** While the unit is weatherproof (IPX5 rated), avoid submerging it in water. Ensure all port covers are securely closed when not in use to maintain water resistance.
- Cable Inspection:** Periodically check all wiring and connections for signs of wear, corrosion, or damage. Replace any damaged components immediately.

## Troubleshooting

Problem	Possible Cause	Solution
No power	Loose power connection, blown fuse, vehicle battery low.	Check all power connections. Inspect the fuse in the power adaptor. Ensure vehicle battery is charged.
No audio output	Volume too low, incorrect source selected, device not paired (Bluetooth), faulty audio cable (Aux).	Increase volume. Verify Bluetooth pairing or Aux cable connection. Ensure correct input mode is selected.

Problem	Possible Cause	Solution
Bluetooth not connecting	Device too far, PATV65 not in pairing mode, interference.	Ensure device is within 10 meters. Restart PATV65 and mobile device. Clear previous Bluetooth connections on your device.
LED lightbar not working	Lightbar off, power issue.	Press the LED lightbar button on the remote. Check power connections to the unit.
Poor sound quality	Source audio quality, interference, damaged speakers.	Try a different audio source. Ensure no strong electromagnetic interference. Contact support if speakers are damaged.

## Specifications

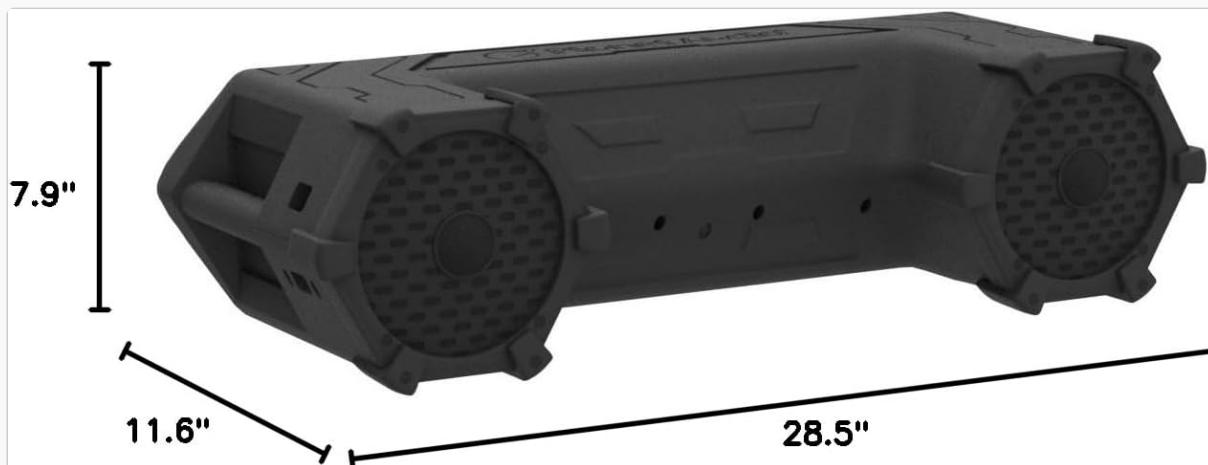

Image: A diagram showing the key dimensions of the Planet Audio PATV65 unit: 28.5 inches in width, 11.6 inches in depth, and 7.9 inches in height.

Feature	Detail
Model Name	PATV65
Speaker Type	Outdoor, Powersports
Speaker Size	6.5 Inches (Woofer), 1.5 Inches (Tweeter)
Maximum Output Power	450 Watts
Impedance	4 Ohm
Connectivity Technology	Bluetooth
Bluetooth Range	Up to 10 Meters (33 feet)
Auxiliary Input	3.5mm Jack
USB Charging	Yes
Weather Resistance	IPX5 Rated (Water Resistant)
Power Source	12V DC (Battery Powered)

Feature	Detail
Product Dimensions (L x W x H)	28.5" x 11.6" x 7.9"
Item Weight	14.25 Pounds
Included Components	Sound system, remote, mounting kit, power adapter, straps

## Warranty and Support

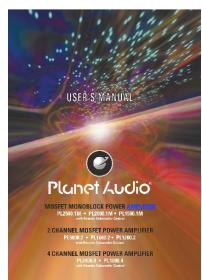

Planet Audio provides a **3-year Platinum Online Dealer Warranty** for this product when purchased through Amazon.com. For warranty claims or technical support, please contact Planet Audio customer service or refer to their official website. Professional installation is strongly encouraged to ensure proper and safe functionality and to maintain warranty validity.
