## OXO 1.6 QT Produce Keeper

# OXO Good Grips 1.6 Quart Produce Keeper Instruction Manual

Model: 1.6 QT Produce Keeper

## INTRODUCTION

The OXO Good Grips Produce Keeper is designed to extend the life of your fresh fruits and vegetables, minimizing food waste. Its innovative design incorporates an enhanced carbon filter, an elevated inner basket for optimal airflow, and an adjustable vent to maintain ideal humidity levels for various produce types. This manual provides instructions for proper setup, operation, and maintenance to ensure you get the most out of your Produce Keeper.

## GreenSaver™ Produce Keeper

Unique design keeps  
produce fresh longer

*Image: OXO Good Grips Produce Keepers storing various fruits and vegetables in a refrigerator.*

## SETUP

1. **Unpack Components:** Carefully remove all parts from the packaging: the clear outer container, the elevated inner basket, the lid, and the carbon filter packet.
2. **Initial Cleaning:** Wash all components (outer container, inner basket, and lid) with warm, soapy water or place them in the dishwasher. Rinse thoroughly and allow to dry completely.
3. **Insert Carbon Filter:** Locate the small compartment on the underside of the lid. Open the compartment, insert the activated carbon filter packet (do not open the packet), and close the compartment securely. The carbon filter absorbs ethylene gas, which accelerates ripening.

## Enhanced Carbon Filter

Absorbs the ethylene gas that speeds up ripening

## OPERATING INSTRUCTIONS

1. **Prepare Produce:** Wash your fruits or vegetables as usual. The inner basket can be used as a colander for convenient rinsing. Ensure excess water is drained.
2. **Place Produce:** Place the prepared produce into the elevated inner basket. The elevated design promotes airflow, preventing moisture buildup and rotting.
3. **Adjust Vent:** The lid features an adjustable vent. Slide the vent open or closed to control humidity levels based on the type of produce being stored. Refer to the guide on the underside of the carbon filter compartment for recommended vent settings for common fruits and vegetables.
4. **Seal Container:** Place the lid securely onto the outer container. Store the Produce Keeper in your refrigerator.

## MAINTENANCE AND CARE

- **Cleaning:** All components of the OXO Good Grips Produce Keeper are dishwasher safe. For best results, place on the top rack. Hand washing with mild soap and water is also suitable.
- **Filter Replacement:** The activated carbon filter lasts approximately 90 days. For optimal performance, replace the filter every three months. Visit [greensaver.oxo.com](https://greensaver.oxo.com) to sign up for replacement reminders and purchase new filters.
- **Avoid Microwave:** This product is not microwave safe.

## TROUBLESHOOTING

Issue	Possible Cause / Solution
Produce wilting quickly	Check vent setting; it may be too open for produce requiring higher humidity. Ensure carbon filter is fresh.
Produce rotting/getting slimy	Check vent setting; it may be too closed for produce requiring lower humidity. Ensure produce is dry before storing. Verify elevated basket is correctly positioned for airflow.
Unpleasant odor in container	Replace the carbon filter. Thoroughly clean all components.

## SPECIFICATIONS

Image: Dimensions of the OXO Good Grips 1.6 Quart Produce Keeper.

- **Brand:** OXO
- **Model:** 1.6 QT Produce Keeper

- **Capacity:** 1.6 Quart / 1.5 Liters
- **Color:** White
- **Material:** BPA-Free Plastic
- **Dimensions (L x W x H):** 6.75" x 4.75" x 5.75" (17.3 cm x 12.1 cm x 14.6 cm)
- **Item Weight:** 0.16 Pounds
- **Care Instructions:** Dishwasher Safe
- **Microwave Safe:** No
- **Recommended Uses:** Fruit, Vegetable Storage
