Classic Accessories QuadGear UTV Cab Enclosure Instruction Manual

For Polaris Ranger 400/570 (2002-2008 Models) - Next Vista G1 Camo

1. Introduction

Thank you for choosing the Classic Accessories QuadGear UTV Cab Enclosure. This enclosure is designed to provide enhanced protection and comfort for your Polaris Ranger 400 or 570 (2002-2008 models) in Next Vista G1 Camo. Constructed from heavy-duty ProtekX6 fabric, it offers resistance against water and abrasion, ensuring your UTV's cab remains clean and dry. Please read this manual thoroughly before installation and use to ensure proper fitment and optimal performance.

2. Safety Information

- Ensure the enclosure is securely installed before operating the UTV. Loose components can obstruct vision or interfere with controls.
- Always maintain clear visibility. The ultra-clear windshield material, doors, and back window are designed for good visibility, but ensure they are clean and free from obstructions.
- Utilize the enhanced venting system to ensure adequate air circulation, especially in warmer weather or when operating for extended periods.
- Exercise caution when operating the UTV with the enclosure installed, particularly in windy conditions or when maneuvering in tight spaces.

WARNING: California Proposition 65

This product may contain chemicals known to the State of California to cause cancer, birth defects, or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

3. Package Contents

Verify that all components are present before beginning installation:

- QuadGear UTV Cab Enclosure (Main Unit)
- Click-close straps (pre-attached or included for mounting)
- Rip-and-grip tabs (pre-attached or included for securing)
- Adhesive-backed rip-and-grip strips (for additional securement)

4. Setup & Installation

Follow these steps to properly install your UTV cab enclosure:

1. **Prepare the UTV:** Ensure your Polaris Ranger is clean and free of debris where the enclosure will be mounted.
2. **Position the Enclosure:** Carefully drape the enclosure over the UTV's roll cage, aligning the windshield and door openings.
3. **Secure with Straps:** Attach the click-close straps around the roll cage. Tighten them to ensure a snug fit, but do not overtighten.

Image 4.1: Securing the enclosure with click-close straps.

4. **Utilize Rip-and-Grip Tabs:** Fasten the pre-attached rip-and-grip tabs to corresponding surfaces on the UTV for additional stability.
5. **Apply Adhesive Rip-and-Grip:** For areas requiring extra securement, use the included adhesive-backed rip-and-grip strips. Clean the UTV surface thoroughly before applying for optimal adhesion.
6. **Adjust for Fit:** Once all straps and tabs are secured, make any necessary adjustments to ensure the enclosure is taut and evenly distributed, minimizing gaps.

Video 4.2: Overview of the Classic Accessories Polaris Ranger UTV Enclosure features and installation.

5. Operating Instructions

The QuadGear UTV Cab Enclosure is designed for versatile use in various weather conditions.

- **Zippered Doors:** The doors feature durable zippers for easy entry and exit. Ensure zippers are fully closed to maximize weather protection.

Image 5.1: Detail of the zippered door and clear window.

- **Door Management:** For warmer weather or increased ventilation, the doors can be rolled back and secured with the integrated straps, or completely removed for an open-cab experience.
- **Enhanced Venting System:** The enclosure includes an enhanced venting system to promote air circulation and reduce heat buildup or condensation inside the cab. Ensure vents are clear of obstructions.

6. Maintenance

Proper maintenance will extend the life of your cab enclosure:

- **Cleaning:** Clean the fabric with a soft brush or sponge, using mild soap and water. Rinse thoroughly and allow to air dry completely before storage. Do not use harsh chemicals or abrasive cleaners.
- **Clear Windows:** Clean clear vinyl windows with a soft cloth and a specialized vinyl cleaner, or mild soap and water. Avoid wiping dry with abrasive materials to prevent scratching.
- **Storage:** When not in use, ensure the enclosure is clean and dry. Store it in a cool, dry place away from direct sunlight to prevent material degradation. This helps keep the cab clean and dry in storage.
- **Inspection:** Periodically inspect straps, zippers, and fabric for any signs of wear, tear, or damage. Address minor issues promptly to prevent further damage.

7. Troubleshooting

If you encounter issues with your cab enclosure, consider the following:

- **Poor Fitment/Gaps:** Re-check all mounting straps and rip-and-grip tabs. Ensure they are securely fastened and adjusted for maximum tension without overstretching the fabric. Verify the enclosure is correctly aligned with the UTV's roll cage.
- **Zipper Difficulty:** Ensure zippers are clean and free of debris. Apply a silicone-based lubricant if zippers are stiff. Avoid forcing zippers.
- **Water Intrusion:** Confirm all seams are properly sealed and zippers are fully closed. Check for any tears or punctures in the fabric that may require repair. Ensure the enclosure is pulled taut to prevent water pooling.
- **Reduced Visibility:** Clean clear vinyl windows as per maintenance instructions. Ensure no internal items are pressing against the windows, causing distortion.

8. Specifications

Feature	Detail
Model Name	18-116-016001-00
Compatibility	Polaris Ranger '02-'08 models (400, 570)
Color	Next Vista G1 Camo
