WeatherTech TS0003

WeatherTech Sunshade Window Shade Instruction Manual

Model: TS0003

Product Overview

The WeatherTech Sunshade is a custom-fit, dual-purpose window shade designed to protect your vehicle's interior from extreme temperatures. It helps keep the vehicle cool in summer by reflecting sunlight and warm in winter by attracting sunlight to prevent frost buildup.

- **Dual-purpose design:** Silver side for summer heat reflection, black side for winter heat absorption.
- **Custom Fit:** Engineered specifically for your vehicle's make and model to ensure full windshield coverage.
- **Durable Construction:** Features a foam core for sturdy fit and easy handling.
- **Easy Storage:** Rolls up compactly with an attached hook and loop strap.
- **Made in USA:** Manufactured with quality and craftsmanship.

Compatibility

This WeatherTech Sunshade (Model: TS0003) is specifically designed for the**Front Windshield** of select **2011-2025 Dodge Durango Models**. Please verify compatibility with your vehicle's year, make, and model before installation.

Setup and Installation

The WeatherTech Sunshade is designed for quick and easy installation and removal.

Summer Use (Silver Side Out)

1. Unroll the Sunshade completely.
2. Position the silver reflective side facing outwards towards the windshield.
3. Place the Sunshade against the interior of the windshield, ensuring it covers the entire glass area.
4. Lower your vehicle's sun visors to hold the Sunshade firmly in place against the windshield.

Winter Use (Black Side Out)

1. Unroll the Sunshade completely.

2. Position the black side facing outwards towards the windshield.
3. Place the Sunshade against the interior of the windshield, ensuring it covers the entire glass area.
4. Lower your vehicle's sun visors to hold the Sunshade firmly in place against the windshield. The black side will absorb sunlight, helping to warm the windshield and prevent frost buildup.

Operating Instructions

The WeatherTech Sunshade is designed for simple operation. Its rigid foam core allows for easy placement and removal without flopping or slipping.

Storage

When not in use, the Sunshade can be easily rolled up and secured with its attached hook and loop strap for compact storage. An optional storage bag is available for additional protection and convenience.

Maintenance and Care

To ensure the longevity and effectiveness of your WeatherTech Sunshade, follow these simple care instructions:

- **Cleaning:** Wipe the Sunshade with a damp cloth and mild soap if necessary. Avoid harsh chemicals or abrasive cleaners.
- **Drying:** Allow the Sunshade to air dry completely before rolling it up for storage to prevent mildew.
- **Storage:** Store the rolled-up Sunshade in a cool, dry place when not in use.

Troubleshooting

Problem	Possible Cause	Solution
Sunshade does not fit snugly.	Incorrect model or improper placement.	Ensure you have the correct Sunshade model (TS0003) for your Dodge Durango. Verify it is positioned correctly against the entire windshield and secured by the sun visors.
Interior still feels hot/cold.	Incorrect side facing out or extreme ambient temperatures.	For summer, ensure the silver side faces out. For winter, ensure the black side faces out. While the Sunshade significantly reduces temperature extremes, it may not completely eliminate them in severe conditions.
Sunshade is difficult to roll up.	Not rolling tightly enough or foam core resistance.	Apply firm, even pressure when rolling. The foam core is designed to be sturdy but flexible. Practice may improve ease of rolling.

Specifications

- **Model:** TS0003
- **Compatibility:** Front Windshield of select 2011-2025 Dodge Durango Models
- **Material:** Dual-sided reflective and heat-absorbing material with a foam core.
- **Color:** Silver / Black
