ASSEMBLY INSTRUCTIONS

This building set requires careful assembly. Please follow the step-by-step instructions provided in the physical manual included with your product. It is recommended for ages 8 to 15 years due to the complexity and the need for patience.

1. **Unpack Components:** Carefully open the packaging and sort all building blocks and figures. It is advisable to organize pieces by color or type to facilitate assembly.
2. **Follow Manual:** Refer to the detailed instruction booklet. Each step illustrates the placement of specific pieces. Pay close attention to the orientation and connection points.
3. **Patience with Connections:** Some connections may be tight, requiring firm but gentle pressure to snap pieces together. Avoid excessive force to prevent damage.
4. **Wing Assembly:** Special attention should be given to the assembly of the wings and any delicate blade components to ensure correct alignment and stability.
5. **Figure Assembly:** Assemble the micro action figures according to their specific instructions, attaching armor and weapon accessories.

Note: The assembly process can be challenging due to the precise fit of some components. Take your time and double-check each step against the instructions.

OPERATION AND PLAY

Once assembled, the Mega Bloks H5 Pegasus Phaeton Gunship is ready for display or imaginative play. While designed for durability, it is important to handle the model with care, especially during active play.

- **Display:** The set includes a clear, low-profile two-piece stand designed to anchor the gunship for display. Position the model on a stable surface to prevent accidental falls.
- **Posing Figures:** The included micro action figures are super-poseable, allowing for dynamic scene creation. Adjust their limbs and accessories to recreate battle scenarios.
- **Interactive Features:** The Phaeton features a front turret and heavy beam cannon arrays. While not motorized, these elements are designed to enhance play.
- **Handling:** Due to its intricate design and the nature of building blocks, the model can be delicate. Avoid rough handling, throwing, or smashing the model against surfaces to prevent parts from detaching or breaking.

CARE AND MAINTENANCE

Proper care will help maintain the condition and longevity of your Mega Bloks H5 Pegasus set.

- **Cleaning:** To clean the blocks and figures, gently wipe them with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic.

- **Dusting:** For display models, regular dusting with a soft brush or compressed air can prevent dust buildup in crevices.
- **Storage:** When not on display or in use, store the set in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic components.
- **Disassembly:** If disassembling the model for storage, do so carefully to avoid stressing or breaking connection points.

TROUBLESHOOTING

Should you encounter any issues with your Mega Bloks H5 Pegasus set, consider the following common solutions:

- **Missing Pieces:** If you find any pieces are missing from your set upon opening, please contact Mega Brands customer support directly for assistance. Do not attempt to force incompatible pieces.
- **Parts Not Fitting:** If a piece does not seem to fit, re-examine the instruction manual to ensure you are using the correct piece and attempting to connect it in the correct orientation. Some connections require a firm push.
- **Model Fragility:** The assembled model, particularly the central connection points or wing attachments, can be delicate. If parts frequently detach during play, consider the model more for display. Reassemble carefully.
