Mega Bloks Call of Duty – Desert Squad Instruction Manual

Model: CNG78

INTRODUCTION

This instruction manual provides detailed guidance for assembling and utilizing your Mega Bloks Call of Duty – Desert Squad construction set. Designed for collectors and enthusiasts, this set allows you to build a realistic desert outpost and deploy a team of highly detailed desert troopers for strategic play scenarios.

The Desert Squad set features four super-poseable micro action figures, each with detachable armor and a wide array of interchangeable accessories and authentic weapons. The buildable environment includes desert terrain and a fabric digi-camo tarp shelter, creating an immersive battlefield experience.

SETUP AND ASSEMBLY

Follow these steps to assemble your Mega Bloks Call of Duty – Desert Squad set:

- Unpack Components:** Carefully remove all pieces from the packaging. Organize them by type (building blocks, figures, accessories, fabric tarp) to facilitate assembly.
- Construct the Desert Outpost Base:** Begin by assembling the base plates and terrain pieces to form the foundation of your desert outpost. Refer to the included visual guide for specific block placement.
- Install the Digi-Camo Tarp Shelter:** Attach the support pillars to the designated points on the outpost base. Drape and secure the fabric digi-camo tarp over these pillars to create the shelter. Ensure it is taut and stable.
- Assemble Micro Action Figures:** Each of the four desert trooper figures comes with detachable armor and various accessories. Attach the armor pieces (vests, helmets) to the figures.
- Outfit Figures with Weapons and Accessories:** Select from the armory of interchangeable weapons (rifles, rocket launchers, pistols) and accessories (backpacks, knives, binoculars). These can be held by the figures or stored within the outpost environment.
- Position Figures:** Place your assembled desert troopers within and around the outpost. Their super-poseable joints allow for dynamic positioning, ready for any mission.

OPERATING INSTRUCTIONS

Once assembled, the Mega Bloks Call of Duty – Desert Squad set is ready for imaginative play and display. The figures are designed for dynamic posing and interaction with the environment.

- **Strategic Positioning:** Utilize the super-poseable nature of the figures to create various combat stances and tactical positions within the desert outpost.
- **Accessory Customization:** Freely interchange weapons and gear among the four figures to adapt them for different mission roles or scenarios.
- **Expand Your Battlefield:** This set is designed to be compatible and combinable with other Mega Bloks Call of Duty sets, allowing you to expand your collection and create larger, more complex battle scenes.

MAINTENANCE

To ensure the longevity and cleanliness of your Mega Bloks Call of Duty – Desert Squad set, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to gently wipe down the building blocks and figures. For stubborn dirt, a mild soap solution can be used, followed by thorough rinsing and air drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the set in a cool, dry place away from direct sunlight to prevent discoloration or material degradation. Keeping pieces in their original box or a dedicated storage container can help prevent loss.
- **Fabric Care:** The fabric digi-camo tarp can be gently hand-washed with mild soap and air-dried if it becomes soiled.

TROUBLESHOOTING

If you encounter any issues during assembly or play, consider the following common solutions:

- **Difficulty Assembling Pieces:** Ensure that pieces are correctly oriented before attempting to connect them. Some connections may require firm, even pressure. If a piece feels too tight, double-check the instructions for proper alignment.
- **Loose Connections:** If parts of the structure or accessories become loose during play, re-attach them firmly. Over time, repeated assembly and disassembly can slightly wear connections; however, this is generally minimal with quality construction toys.
- **Missing Pieces:** In the rare event of a missing piece, first thoroughly check all packaging materials. If a piece is genuinely missing, contact Mega Brands customer support for assistance.
- **Figures Not Posing Correctly:** Ensure that the joints of the micro action figures are clean and free of debris. Gentle manipulation of the joints can help improve articulation.

SPECIFICATIONS

Attribute	Detail
Product Dimensions	9.62 x 1.75 x 6 inches
Item Weight	4.8 ounces
ASIN	B00UBTODNA

Attribute	Detail
Item Model Number	CNG78
Manufacturer Recommended Age	12 - 15 years
Manufacturer	Mattel

WARRANTY AND SUPPORT

Mega Brands stands behind the quality of its products. For any inquiries regarding product defects, missing parts, or general support, please contact the manufacturer directly.

Please retain your proof of purchase for any warranty claims. Specific warranty details may vary by region and product. Refer to the packaging or the official Mega Brands website for the most current warranty information.

For further assistance, you may visit the [Mega Brands Store on Amazon](#) or their official corporate website.
