BottleBand BB1

BottleBand Universal Water Bottle Holder Instruction Manual

Model: BB1 | Brand: BottleBand

INTRODUCTION

The BottleBand Universal Water Bottle Holder is a versatile and durable silicone strap designed to provide a secure, anti-slip grip for nearly any water bottle. It enhances comfort and prevents accidental drops during various activities such as running, hiking, and gym workouts. This manual provides essential information for the proper use and care of your BottleBand.

KEY FEATURES

- **Universal Fit:** Designed to adapt effortlessly, this holder stretches to securely fit nearly any bottle size or shape, from slim plastic bottles to wide stainless steel and glass.
- **Durable Silicone Construction:** Crafted from high-quality silicone, combining flexibility and strength for everyday use. Its soft yet tough construction resists wear and tear.
- **Secure Anti-Slip Design:** Features an innovative anti-slip surface that ensures a steady grip even during intense workouts or outdoor activities, preventing accidental drops.
- **Eco-Friendly & Reusable:** A reusable product that encourages bottle reuse and reduces waste, promoting a cleaner planet.
- **Hassle-Free Cleaning:** Easy to clean and maintain for regular use.

Flexible | Compact | Universal Fit

Stretches to Fit

From kids' bottles to large sports bottles.

Lightweight and Portable

Carry it anywhere with ease.

One Size Fits All

SETUP

Setting up your BottleBand is quick and straightforward, ensuring your bottle is ready for use in seconds.

1. **Step 1: Stretch the Band.** Gently stretch the BottleBand to expand its opening.
2. **Step 2: Wrap it Around Your Bottle.** Position the stretched band around the body of your water bottle, ensuring both top and bottom loops are securely in place.
3. **Step 3: Enjoy a Slip-Free Grip!** Adjust the band as needed for a snug fit. The handle should be easily accessible for carrying.

Quick and Easy to Use!

Step 1 : Stretch the band.

Step 2 : Wrap it around your bottle.

Step 3 : Enjoy a slip-free grip!

OPERATING INSTRUCTIONS

The BottleBand is designed for active lifestyles, providing a comfortable and secure way to carry your hydration wherever you go.

- **For Running & Hiking:** Hold the bottle by the BottleBand handle. The anti-slip design ensures a firm grip, reducing the risk of drops during movement.
- **For Gym Workouts:** Easily carry your bottle between machines or during exercises. The secure fit prevents it from rolling or slipping.
- **Everyday Use:** Ideal for commuting, walking, or simply carrying your bottle around the house. It provides a convenient handle for bottles that lack one.
- **Child-Friendly:** Offers a simple solution for children to securely carry and use their water bottles, reducing spills and drops.
- **Assistance for Seniors:** Provides a comfortable and confident grip for seniors who may find it challenging to handle bottles directly.

Stay Hydrated Stay Active.

**Handheld Running Bottle.
No more slips.**

Perfect grip during sports,
hikes, jogs, or gym sessions.

MAINTENANCE

To ensure the longevity and hygiene of your BottleBand, follow these simple cleaning instructions:

- **Cleaning:** The BottleBand is designed for easy cleaning. It is recommended to hand wash the band with mild soap and water. Rinse thoroughly and allow to air dry completely before re-attaching to a bottle.
- **Storage:** Store the BottleBand in a clean, dry place when not in use. Avoid prolonged exposure to direct sunlight or extreme temperatures, which could affect the silicone material.

TROUBLESHOOTING

If you encounter any issues with your BottleBand, consider the following common solutions:

- **Band Does Not Fit Bottle:** While designed for universal fit, extremely narrow or unusually shaped bottles might not provide optimal grip. Ensure the bottle's circumference allows the band to stretch and sit snugly without excessive tension or looseness. The band is highly elastic but has limits.
- **Band Feels Loose/Slips:** Ensure the band is positioned correctly with both top and bottom loops securely around the bottle. The silicone material provides an anti-slip surface, but a very smooth or

wet bottle surface might reduce grip. Dry the bottle surface before applying the band.

- **Discomfort During Use:** If the band causes rubbing during long periods of activity, try adjusting its position on the bottle or switching hands periodically. The soft silicone is generally comfortable, but individual preferences may vary.

SPECIFICATIONS

Brand	BottleBand
Model Name	BB1
Material	Silicone
Color	Grey (as per product title, other colors available separately)
Item Weight	1.6 ounces
Recommended Uses	Climbing, Hiking, Running, Gym Workouts
Product Care Instructions	Hand Wash Only
UPC	840272128633
