Vente-unique Snooker Billiard Table Model 135806 Instruction Manual

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your Vente-unique Snooker Billiard Table, Model 135806. This versatile table is designed for both billiard play and use as a dining table, offering adjustable height for optimal comfort and functionality. Please read these instructions carefully before assembly and use to ensure safe and correct operation.

2. SAFETY INFORMATION

- **Heavy Item:** The billiard table weighs approximately 123 kg. Assembly and relocation require at least two adults to prevent injury.
- **Stable Surface:** Ensure the table is placed on a flat, stable, and level surface to prevent tipping and ensure proper play.
- **Children and Pets:** Keep children and pets away from the assembly area. Do not allow children to climb on or play unsupervised around the table.
- **Tools:** Use appropriate tools for assembly as specified in the assembly guide. Ensure all fasteners are securely tightened.
- **Cleaning:** Use only recommended cleaning agents and methods to avoid damaging the table's finish or playing surface.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. If any parts are missing or damaged, contact Vente-unique customer support.

- Billiard Table Frame and Legs (MDF, Wood)
- Playing Surface (Blue felt)
- Convertible Tabletop Panels
- Set of Billiard Balls (57 mm diameter)
- Billiard Cues
- Triangle Rack
- Chalk
- Assembly Hardware (screws, bolts, etc.)
- Instruction Manual

4. SETUP AND ASSEMBLY

Assembly is required for this billiard table. Due to its weight (123 kg), it is strongly recommended that two or more adults perform the assembly. Follow the steps below carefully.

4.1 Unpacking

Carefully open the packaging and remove all components. Lay them out on a clean, soft surface to prevent scratches. Identify all parts against the package contents list.

4.2 Attaching the Legs

Attach the four legs to the main table frame using the provided hardware. Ensure all bolts are tightened securely. Do not overtighten.

4.3 Leveling the Table

Once the legs are attached, carefully stand the table upright. Use a spirit level to check if the playing surface is perfectly level. The table features adjustable feet (height adjustable from 73.5 cm to 78.5 cm) to compensate for uneven floors. Adjust each foot as necessary until the table is level.

5. OPERATING INSTRUCTIONS

5.1 Converting to Dining Table Mode

To convert the billiard table into a dining table, carefully place the provided tabletop panels over the playing surface. Ensure the panels are aligned and sit flush with the table frame. The table can support a maximum load of 20 kg in dining table mode.

6. MAINTENANCE

- **Cleaning the Felt:** Regularly brush the felt playing surface with a soft billiard brush to remove dust and chalk residue. For deeper cleaning, use a specialized billiard felt cleaner according to its instructions. Avoid using harsh chemicals or excessive moisture.
- **Cleaning the Frame:** Wipe the MDF and wood frame with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Ball and Cue Care:** Clean billiard balls with a mild soap and water solution, then dry thoroughly. Store cues in a rack to prevent warping.
- **Tabletop Panels:** Clean the convertible tabletop panels with a damp cloth. Avoid placing hot items directly on the surface without protection.
- **Environmental Conditions:** Store the table in a climate-controlled environment to prevent warping or damage from extreme temperature or humidity fluctuations.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Table is not level	Uneven floor surface.	Adjust the individual feet on each leg until the playing surface is perfectly level. Use a spirit level for accuracy.
Billiard balls do not roll straight	Table is not level. Debris on felt.	Re-level the table (see above). Brush the felt to remove any debris.
Tabletop panels do not fit flush	Panels are misaligned. Debris on table frame.	Ensure panels are correctly oriented and aligned. Check for any obstructions or debris on the table frame where the panels rest.
Loose components after assembly	Fasteners not fully tightened.	Periodically check and retighten all screws and bolts, especially after initial use. Do not overtighten.
