ISOTRONIC 80000

ISOTRONIC Insect Spider Catcher Trap User Manual

Model: 80000

1. Introduction and Product Overview

The ISOTRONIC Insect Spider Catcher Trap is designed for the humane and hygienic removal of insects such as spiders, bees, bumblebees, hornets, bugs, and beetles from your home. This device allows you to safely catch and release insects outdoors without causing them harm or stress, promoting a natural and environmentally conscious approach to pest control.

It features a telescopic function for extended reach and a built-in magnifying glass for observing insects up close.

2. Product Features

- **Humane Catch and Release:** Designed to capture insects without harming them, allowing for safe relocation outdoors.
- **Telescopic Function:** An extendable rod provides additional reach, making it easier to access insects in high or hard-to-reach areas.
- **Integrated Magnifying Glass:** Observe captured insects safely and closely through the built-in magnifying lens.
- **Easy to Use:** Simple slide mechanism for opening and closing the capture hood.
- **Non-Toxic and Safe:** Operates without chemicals, poisons, or electricity, making it safe for use around children and pets.

3. Setup

The ISOTRONIC Insect Spider Catcher Trap requires minimal setup. It is ready for use directly out of the packaging.

1. Unpack the device from its packaging.
2. Inspect the device for any visible damage. If damaged, do not use and contact customer support.
3. Familiarize yourself with the sliding mechanism on the handle that controls the opening and closing of the capture hood.
4. If needed, extend the telescopic handle by gently pulling it outwards until it locks into the desired length.

4. Operating Instructions

Follow these steps to safely catch and release insects:

1. **Prepare the Catcher:** Pull back the locking mechanism on the handle to carefully open the capture hood. Ensure

the hood is fully open.

2. **Position Over Insect:** With a steady hand, place the open hood of the bug catcher directly over the insect you wish to capture. Ensure the insect is fully contained within the hood's opening.
3. **Close the Hood:** Slowly push the slider on the handle forward to close the hood. The insect will gently be guided onto the green surface inside the hood. Continue pushing the slider until the hood is completely closed, securing the insect inside.
4. **Observe (Optional):** With the hood closed, you can observe the insect through the clear hood and built-in magnifying glass.
5. **Release the Insect:** Transport the catcher outdoors to a suitable release location. Once at the desired location, slowly open the capture hood by pulling back the slider. The insect will then be able to exit the catcher unharmed.

Image: A visual guide demonstrating the four easy steps for using the insect catcher: opening the hood, placing it over the insect, sliding it shut, and releasing the insect.

5. Maintenance

The ISOTRONIC Insect Spider Catcher Trap requires minimal maintenance to ensure its longevity and hygienic use.

- **Cleaning:** After use, especially if the insect left any residue, gently wipe the inside and outside of the capture hood with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials.
- **Drying:** Ensure the device is completely dry before storing.
- **Storage:** Store the catcher in a clean, dry place away from direct sunlight and extreme temperatures.

6. Troubleshooting

If you encounter any issues with your ISOTRONIC Insect Spider Catcher Trap, consider the following:

- **Difficulty Catching Insects:**

- Ensure the capture hood is fully open before attempting to place it over the insect.
- Make sure the insect is entirely within the hood's area before closing.
- Practice the sliding motion to ensure a smooth and steady closure.

- **Sticking Mechanism:**
  - Check for any debris or foreign objects obstructing the sliding mechanism.
  - Gently clean the track of the slider with a dry cloth.
- **Telescopic Rod Not Extending/Retracting:**
  - Ensure no dirt or obstruction is present in the telescopic sections.
  - Apply gentle, even pressure when extending or retracting. Do not force it.

If problems persist, please contact ISOTRONIC customer support.

7. Specifications

Attribute	Detail
Brand	ISOTRONIC
Model Number	80000
Color	White
Style	Modern
Product Dimensions (L x W x H)	16.5" x 3.15" x 3.15" (42 cm x 8 cm x 8 cm)
