## SETUP AND ASSEMBLY

Assembly is required for this playset. Follow the steps below to set up your Children's Room.

1. **Assemble the Beds:** Each bed consists of a frame and a mattress. Insert the mattress into the bed frame. The beds can be used separately or stacked to form bunk beds. To create bunk beds, align the pegs on the bottom of one bed with the holes on the top of the other bed and press firmly until they click into place.

2. **Set up the Shelving Unit:** The shelving unit is typically a single molded piece. Place it in your desired location within the room.
3. **Assemble the Table and Chairs:** The table and chairs are generally pre-assembled or require minimal attachment of legs. Place them around the table.
4. **Arrange Accessories:** Place the toy box, books, soccer ball, and other small accessories as desired within the room. The picture frame can be placed on the wall or on the shelving unit.
