- **Disassembly:** If disassembling the set for storage, do so carefully to avoid breaking pieces.

7. Troubleshooting

If you encounter any issues with your Sluban M38-B0523 set, please refer to the following common solutions:

- **Missing Pieces:** Carefully check the packaging and surrounding area for any small pieces that may have been overlooked. If pieces are genuinely missing, contact the retailer or manufacturer for assistance.
- **Difficulty Connecting Pieces:** Ensure that pieces are correctly aligned before applying pressure. Some pieces may require a firm push to connect securely. Avoid forcing pieces, as this can cause damage.
- **Figures Not Securing to Studs:** It has been noted that some figures may not firmly click into place on studs when sitting. This is a characteristic of some Sluban figures. While they may not lock, they should still be able to be positioned for play.
