Indian Motorcycle 2879533-02

Indian Motorcycle Polycarbonate Low Pro Windshield (Model 2879533-02) Instruction Manual

Brand: Indian Motorcycle

1. PRODUCT OVERVIEW

This manual provides essential information for the installation, operation, and maintenance of your Indian Motorcycle Polycarbonate Low Pro Windshield. Designed to enhance the style, comfort, and protection of your motorcycle, this low-profile windshield minimizes its visual impact while offering practical benefits. The windshield is constructed from a double-sided hard coat polycarbonate material, ensuring durability and clarity. Its clear finish integrates seamlessly with your motorcycle's aesthetics.

2. KEY FEATURES

- **Low-Profile Design:** Accentuates the motorcycle's design by minimizing the windshield's height.
- **Enhanced Protection:** Provides protection from wind and elements, improving rider comfort.
- **Durable Material:** Made from double-sided hard coat polycarbonate for longevity and scratch resistance.
- **Optimal Visibility:** Designed for riders of average height to look over the windshield, ensuring clear forward vision.
- **Stylish Integration:** Extends 4 inches lower than standard-height windshields for a sleek appearance.

3. WHAT'S IN THE BOX

Upon unpacking, please verify that all components are present:

- One (1) Indian Motorcycle Polycarbonate Low Pro Windshield
- No additional mounting hardware required (utilizes existing motorcycle hardware)

4. SETUP (INSTALLATION)

This windshield is designed for vehicle-specific fitment and typically utilizes existing mounting points. No additional hardware is required for installation.

4.1 Safety Precautions

- Ensure the motorcycle is stable and turned off before beginning installation.
- Wear appropriate personal protective equipment, such as gloves and eye protection.
- Refer to your motorcycle's owner's manual for specific fairing or windshield removal instructions if applicable.

4.2 Installation Steps

1. If replacing an existing windshield, carefully remove it by unscrewing any retaining bolts or clips. Store removed hardware safely.
2. Align the new Low Pro Windshield with the mounting holes on your motorcycle's fairing.
3. Insert the original retaining bolts or new compatible bolts (if provided with your motorcycle's fairing) through the windshield and into the fairing's mounting points.
4. Hand-tighten all bolts initially to ensure proper alignment.
5. Once aligned, progressively tighten all bolts evenly to secure the windshield. Do not overtighten, as this may damage the polycarbonate or fairing.
6. Gently test the windshield for stability and ensure it is firmly in place before operating the motorcycle.

5. OPERATING (USAGE)

The Indian Motorcycle Polycarbonate Low Pro Windshield is designed to provide a balance of style and function. Its low-profile nature offers reduced wind resistance compared to taller windshields, contributing to a more dynamic riding experience.

For riders of average height, this windshield is specifically designed to allow you to look over its top edge, ensuring an unobstructed view of the road ahead. This design choice prioritizes clear visibility while still deflecting significant airflow and road debris.

6. MAINTENANCE

Proper care will extend the life and maintain the clarity of your polycarbonate windshield.

6.1 Cleaning

- Use only mild soap or a specialized polycarbonate cleaner and lukewarm water.

- Apply with a soft, non-abrasive cloth or sponge.
- Rinse thoroughly with clean water.
- Dry with a soft, lint-free cloth to prevent water spots.
- **DO NOT** use abrasive cleaners, brushes, or harsh chemicals (e.g., ammonia-based cleaners, window cleaners, gasoline, acetone) as these can damage the polycarbonate and its hard coating.

6.2 Scratch Prevention

- Avoid wiping the windshield when dry, as dust and dirt can cause scratches. Always wet the surface first.
- Store your motorcycle in a way that protects the windshield from accidental impacts or abrasions.

7. TROUBLESHOOTING

7.1 Reduced Visibility

- **Issue:** Windshield appears cloudy or dirty.
- **Solution:** Clean the windshield thoroughly using the recommended cleaning procedures (see Section 6.1). Ensure no residue is left behind.
- **Issue:** Scratches or hazing affecting visibility.
- **Solution:** Minor scratches on polycarbonate may sometimes be reduced with specialized plastic polish kits. For significant damage, replacement may be necessary.

7.2 Loose Fit

- **Issue:** Windshield feels loose or vibrates during operation.
- **Solution:** Inspect all mounting bolts. Gently tighten any loose bolts, ensuring not to overtighten. Check for any missing washers or grommets that might affect the fit.

8. SPECIFICATIONS

Brand	Indian Motorcycle
Model Number	2879533-02
Material	Double-sided hard coat polycarbonate windshield
Color	Clear
Item Weight	4 pounds
Position	Front
Automotive Fit Type	Vehicle Specific Fit
UPC	194722042292
ASIN	B00VSHKWSO
Date First Available	April 7, 2015

9. WARRANTY AND SUPPORT

For warranty information, product support, or to purchase replacement parts, please contact Indian Motorcycle customer service directly. Refer to the official Indian Motorcycle website or your original purchase documentation for contact details and specific warranty terms applicable to your region.
