Yaheetech 69-inch Wrought Iron Rolling Large Parrot Bird Cage Instruction Manual

Model: 611013 Black

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Yaheetech 69-inch Wrought Iron Rolling Large Parrot Bird Cage. Designed for African Grey, Small Quaker, Amazon, Cockatiel, Sun Parakeet, Green Cheek Conure, Dove, Lovebird, and Budgie, this cage offers a secure and comfortable environment for your feathered companions. Please read all instructions carefully before assembly and use.

WHAT'S INCLUDED

Your Yaheetech bird cage package includes all necessary hardware, parts, and tools for assembly. Please verify all components are present before beginning.

- Wrought Iron Cage Panels
- Rolling Stand with Casters
- Pull-out Grate and Tray for easy cleaning
- Rooftop Play Top with Ladder and Wooden Dowel
- Five Stainless Steel Feeders (three for inside cage, two for play top)
- Two Wooden Perches (one for inside cage, one for play top)
- Rope Boing Toy
- Assembly Hardware (screws, nuts, etc.)
- Assembly Tool (combo allen/philips head)

SETUP INSTRUCTIONS

The cage comes with a step-by-step instruction manual. Follow the provided diagrams carefully for proper assembly. Assembly typically takes about an hour and may be easier with assistance.

- **Unpack and Organize:** Lay out all pieces exactly as shown in the manual's initial diagrams to ensure no parts are missing or damaged.
- **Initial Assembly:** Begin by connecting the main cage panels. It is recommended not to fully tighten all screws until the end to allow for slight adjustments.
- **Stand Assembly:** Attach the legs and casters to the base. A hammer may be needed to install the casters securely.
- **Tray and Grate Installation:** Ensure the bottom grate and pull-out tray slide in smoothly. Some users have noted that the bottom pan for droppings may not have a secure bar to connect to, requiring careful placement.
- **Play Top Assembly:** Assemble the rooftop play top, including the ladder, wooden dowel, and two feeders.
- **Accessories:** Install the remaining three stainless steel feeders inside the cage, along with the wooden perch and rope boing.

FEATURES AND OPERATION

Strong, Stable, and Safe Construction

Constructed of solid wrought iron with a water- and oxidant-resistant finish, this cage provides a durable and secure habitat. The robust design ensures stability for your birds.

Image: A close-up view of the wrought iron material, highlighting its texture and durability.

Secure Doors with Locks

Every door is secured with locks to ensure your birds remain safely inside. The three feeder doors allow easy access to food and water without disturbing your birds.

Deluxe Rooftop Playground

The integrated play top features a ladder, a wooden dowel, and two feeders, providing an additional area for

birds to perch and stretch their wings outside the main cage.

Easy Access Feeders

The cage includes five stainless steel feeders: three for inside the cage and two for the play top. These feeders are designed for easy access for refilling and cleaning.

Mobility

Equipped with four 360-degree industrial casters, the cage can be easily moved for cleaning or repositioning. Note that the wheels do not have locks.

Suitable Bird Species

This cage is suitable for various small to medium-sized birds. The 0.7-inch bar spacing is appropriate for canaries, cockatiels, smaller conures, and parakeets.

Image: A visual guide indicating recommended bird species and their typical sizes for this cage.

MAINTENANCE

Regular cleaning is essential for maintaining a healthy environment for your birds and prolonging the life of the cage.

- **Daily Cleaning:** The four-sided seed guard helps catch spilled seeds and droppings. The slide-out tray gathers waste for easy daily removal.
- **Deep Cleaning:** Periodically remove the bottom grate and tray for thorough cleaning. The bottom grate prevents birds from walking directly on their excrement.
- **Cage Surface:** Wipe down the cage bars and surfaces with a bird-safe cleaner. Ensure the cage is completely dry before returning your birds.
- **Feeders and Perches:** Clean all feeders and perches regularly to prevent bacterial growth.

TROUBLESHOOTING

- **Missing or Damaged Parts:** If you receive the cage with missing, damaged, or bent pieces, please

contact customer support immediately for assistance.

- **Assembly Difficulties:** Ensure all parts are correctly oriented as per the instruction manual. Loosening screws slightly during initial assembly can help align components before final tightening.
- **Stiff Doors:** If a door is stiff or difficult to open, check the hinges for any obstructions or misalignments. Applying a small amount of food-grade lubricant (if safe for birds) might help, but ensure it's completely dry and safe before use.

SPECIFICATIONS

Attribute	Detail
Brand	Yaheetech
Model Name	611013 Black
Item Weight	49.2 Pounds
Product Dimensions (L x W x H)	32.0"L x 30.5"W x 68.5"H
Material	Stainless Steel, Wrought Iron
Color	Black
Gap Size	0.7 Inches
Target Audience	Birds
Specific Uses	Indoor, Outdoor
