Guide Gear BD-7013

Guide Gear XL Magnum Cot Instruction Manual

Model: BD-7013

1. PRODUCT OVERVIEW

The Guide Gear XL Magnum Cot is designed for comfortable and portable sleeping solutions in outdoor environments. It features an oversized design and robust construction to accommodate various users.

Figure 1: The Guide Gear XL Magnum Cot in its assembled state, showcasing its large sleeping surface and sturdy frame.

Key Features:

- **Oversized Design:** Provides ample space for comfortable sleep, suitable for larger individuals.
- **Heavy-Duty Construction:** Features an X-frame design made from powder-coated steel, ensuring durability and weather resistance.
- **High Weight Capacity:** Supports up to 600 lbs.
- **Stable Base:** Equipped with shatter-proof feet for stability on uneven ground and to prevent slippage.
- **Durable Fabric:** Constructed with reinforced stitching and 600-denier polyester with a PVC back coating.
- **Portable:** Folds compactly and includes a carry bag for easy transport and storage.

2. SAFETY INFORMATION

Please read and adhere to the following safety guidelines to ensure safe use of the cot:

- **WARNING:** Do not use on uneven or unstable surfaces.
- Always assemble according to the instructions provided.
- Do not exceed the maximum weight capacity of 600 lbs.
- Keep hands and fingers clear of moving parts during assembly and disassembly to prevent pinching.

3. SETUP INSTRUCTIONS

3.1 Unfolding the Cot

1. Remove the cot from its carry bag. Lay the folded cot on a flat, stable surface.
2. Gently pull the two halves of the cot apart until the legs begin to extend.
3. Push down on the center of the cot until the legs fully extend and lock into place. Ensure all leg mechanisms are securely engaged.

Figure 2: Detail of the cot's leg mechanism, showing how it locks into place for stability.

3.2 Attaching Crossbars (if applicable)

The Guide Gear XL Magnum Cot typically features an integrated frame that does not require separate crossbar attachment. The fabric is stretched taut by the main frame. If your model includes separate end crossbars, follow these general steps:

1. Locate the sleeves or pockets at each end of the cot's fabric.
2. Insert the crossbars into these sleeves.
3. Apply firm pressure to secure the crossbars into the designated locking pins or slots on the cot frame.
This step may require significant force to ensure the fabric is taut.

Video 1: A demonstration of unfolding a similar folding bed and securing its frame. Note that specific models may vary in crossbar attachment.

4. OPERATING THE COT

Once assembled, the cot provides an elevated sleeping surface. Ensure the cot is placed on a level surface for optimal stability and comfort. The elevated design helps keep you off the cold, damp ground and allows for air circulation.

Figure 3: A person comfortably resting on the XL Magnum Cot inside a tent, illustrating its use as a sleeping platform.

4.1 Folding for Storage

1. If separate crossbars were used, remove them first by releasing their locking mechanisms.
2. Locate the release points on the leg mechanisms (often buttons or levers) and disengage them.
3. Fold the cot in half, ensuring all components collapse smoothly.

4. Secure the folded cot with any integrated straps or place it directly into the included carry bag.

Figure 4: The cot neatly folded and stored in its compact carry bag, ready for transport.

5. MAINTENANCE

Proper maintenance ensures the longevity of your Guide Gear XL Magnum Cot:

- **Cleaning:** Wipe the cot fabric and frame with a dry cloth after each use to remove dirt and moisture. For

stubborn stains, use a mild soap solution and a damp cloth, then allow to air dry completely before storing.

- **Storage:** Store the cot in its carry bag in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically inspect the frame, fabric, and all connection points for any signs of wear, damage, or loose parts. Address any issues promptly.

6. TROUBLESHOOTING

If you encounter any issues with your cot, please review the assembly instructions to ensure correct setup. For persistent problems, contact Guide Gear customer support.

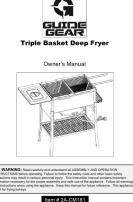

7. SPECIFICATIONS

| Feature | Detail |
|----------------------------------|---|
| Brand | Guide Gear |
| Model Number | BD-7013 |
| Assembled Dimensions (L x W x H) | 84 inches x 39 inches x 20 inches |
| Folded Dimensions (L x W x H) | 45.5 inches x 9 inches x 8 inches |
| Weight Capacity | 600 lbs. |
| Item Weight | 35.8 Pounds |
| Material | 600-denier Polyester with PVC back coating, Powder-coated Steel Frame |
| Color | Brown |
