

INTEMPO Power BANK

Intempo Portable Power Bank User Manual

Model: Power BANK | Brand: INTEMPO

1. INTRODUCTION

This manual provides instructions for the safe and efficient use of your Intempo Portable Power Bank. Please read this manual thoroughly before using the device and retain it for future reference.

2. SAFETY INFORMATION

- Do not expose the power bank to extreme temperatures, direct sunlight, or fire.
- Do not immerse the power bank in water or other liquids.
- Avoid dropping or subjecting the power bank to severe impacts.
- Do not attempt to disassemble, repair, or modify the device.
- Keep out of reach of children.
- Use only the provided or certified compatible charging cables.
- Dispose of the power bank responsibly according to local regulations for lithium batteries.

3. PACKAGE CONTENTS

- Intempo Portable Power Bank (1800 mAh)
- Micro USB Charging Cable
- User Manual (this document)

4. PRODUCT OVERVIEW

The Intempo Portable Power Bank is designed to provide portable power for your USB-chargeable

devices. It features a compact design and an integrated power indicator.

Figure 1: Intempo Portable Power Bank in its retail packaging. The packaging highlights its 1800 mAh capacity and indicates compatibility with various devices such as MP3 players, smartphones, and USB speakers. The power bank itself is black and rectangular.

Key components include:

- **USB Output Port:** For connecting your device's charging cable.
- **Micro USB Input Port:** For charging the power bank itself.
- **Power Indicator Lights:** To show the remaining battery level.

5. SETUP

5.1 Charging the Power Bank

1. Connect the supplied Micro USB cable to the Micro USB input port on the power bank.

2. Connect the other end of the Micro USB cable to a USB power source (e.g., a computer USB port, a USB wall adapter, or a car charger).
3. The power indicator lights will illuminate to show the charging status. When all lights are solid, the power bank is fully charged.
4. Disconnect the cable once charging is complete.

6. OPERATING

6.1 Charging Your Device

1. Ensure the power bank is sufficiently charged.
2. Connect your device's USB charging cable (not included, unless your device uses Micro USB) to the USB output port on the power bank.
3. Connect the other end of your device's charging cable to your device.
4. Your device should begin charging automatically. The power indicator lights on the power bank will show its remaining charge.
5. Disconnect your device once it is fully charged or when the power bank is depleted.

7. MAINTENANCE

- Clean the power bank with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Store the power bank in a cool, dry place away from direct sunlight and moisture.
- If not used for extended periods, charge the power bank at least once every three months to maintain battery health.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging	Cable not connected properly; faulty cable; power source issue.	Ensure cables are securely connected. Try a different Micro USB cable. Try a different USB power source.
Device not charging from power bank	Power bank is depleted; incorrect cable; device not compatible.	Charge the power bank. Use your device's original charging cable. Ensure your device is USB-chargeable.
Slow charging	Low power output from source; high power consumption by device.	Use a higher-output USB wall adapter to charge the power bank. Close unnecessary apps on your device while charging.

9. SPECIFICATIONS
