iLive Electronics ITB105B

iLive ITB105B 20-Inch Compact Sound Bar with Bluetooth 2.0 User Manual

1. PRODUCT OVERVIEW

The iLive ITB105B is a 20-inch compact sound bar designed to enhance your audio experience for computers, televisions, or other compatible devices. It features Bluetooth 2.0 technology for wireless audio streaming and multiple wired input options for versatile connectivity.

Key Features

- Supports A2DP (Advanced Audio Distribution Profile) for high-quality Bluetooth audio.
- Built-in stereo speakers for clear sound output.
- Digital volume control for precise audio adjustment.
- Multiple audio inputs: 3.5mm line-in, RCA stereo auxiliary, and Optical.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- iLive ITB105B 20-Inch Compact Bluetooth Sound Bar
- Remote Control
- AC Power Adapter
- 3.5mm Audio Cable
- RCA Stereo Audio Cable
- Wall Mount Kit (screws and anchors)
- User Manual

3. CONTROLS AND CONNECTIONS

Familiarize yourself with the sound bar's controls and connection ports before setup.

Front view of the iLive ITB105B 20-Inch Compact Sound Bar, showcasing its sleek design and speaker grille.

Front/Top Panel Controls

- **Power Button:** Turns the sound bar on or off.
- **Input/Source Button:** Cycles through available audio inputs (Bluetooth, AUX, RCA, Optical).
- **Volume Up/Down Buttons:** Adjusts the master volume level.
- **Bluetooth Pairing Button:** Initiates Bluetooth pairing mode.

Rear Panel Connections

- **DC Power Input:** Connect the AC power adapter here.
- **AUX In (3.5mm):** Connect devices with a 3.5mm audio output.
- **RCA Audio In (L/R):** Connect devices with RCA stereo audio outputs.
- **Optical In:** Connect devices with an optical digital audio output.

4. SETUP

4.1 Power Connection

1. Connect the AC power adapter to the DC Power Input port on the rear of the sound bar.
2. Plug the other end of the AC power adapter into a standard wall outlet.

4.2 Audio Connections

Choose one of the following methods to connect your audio source:

Bluetooth Pairing

1. Power on the sound bar.
2. Press the Input/Source button until the Bluetooth indicator light is active (usually a flashing blue light).
3. On your Bluetooth-enabled device (smartphone, tablet, computer), enable Bluetooth and search for new devices.
4. Select "ITB105B" from the list of available devices.
5. Once paired, the Bluetooth indicator light will become solid blue, and you can play audio wirelessly.

3.5mm AUX Input

1. Connect one end of the 3.5mm audio cable to the AUX In port on the sound bar.
2. Connect the other end of the 3.5mm audio cable to the headphone jack or audio output of your device.
3. Press the Input/Source button on the sound bar until the AUX indicator light is active.

RCA Input

1. Connect the red and white plugs of the RCA stereo audio cable to the corresponding RCA Audio In ports on the sound bar.
2. Connect the other end of the RCA cable to the audio output ports of your device (e.g., TV, DVD player).
3. Press the Input/Source button on the sound bar until the RCA indicator light is active.

Optical Input

1. Connect an optical audio cable (not included) to the Optical In port on the sound bar.
2. Connect the other end of the optical cable to the optical digital audio output of your device.
3. Press the Input/Source button on the sound bar until the Optical indicator light is active.

5. OPERATION

5.1 Power On/Off

Press the Power button on the sound bar or the remote control to turn the unit on or off.

5.2 Input Selection

Press the Input/Source button on the sound bar or the remote control repeatedly to cycle through the available audio inputs: Bluetooth, AUX, RCA, and Optical. The corresponding indicator light will illuminate to show the active input.

5.3 Volume Control

Use the Volume Up (+) and Volume Down (-) buttons on the sound bar or the remote control to adjust the audio output level. Ensure the volume on your connected audio source is also at an appropriate level.

6. MAINTENANCE

Proper care ensures the longevity of your sound bar:

- **Cleaning:** Use a soft, dry cloth to clean the exterior of the sound bar. Do not use liquid cleaners or abrasive materials.
- **Placement:** Place the sound bar on a stable, flat surface or mount it securely using the provided kit. Avoid placing it near heat sources, direct sunlight, or in areas with high humidity.
- **Ventilation:** Ensure adequate airflow around the unit to prevent overheating. Do not block ventilation openings.
- **Power:** Disconnect the power adapter from the wall outlet if the unit will not be used for an extended period.

7. TROUBLESHOOTING

If you encounter issues with your sound bar, refer to the following common problems and solutions:

Problem	Possible Solution
No power	Ensure the AC power adapter is securely connected to both the sound bar and a working wall outlet. Try a different outlet.
No sound	• Verify the sound bar is powered on and the correct input source is selected. • Increase the volume on both the sound bar and the connected audio source. • Check all audio cables for secure connections. Try replacing cables if necessary. • If using Bluetooth, ensure the device is properly paired and within range. • If using Optical input, ensure your source device is outputting a compatible digital audio signal (some TVs may require settings adjustment).
Bluetooth pairing fails	• Ensure the sound bar is in Bluetooth pairing mode (flashing indicator). • Move your Bluetooth device closer to the sound bar. • Turn off and on Bluetooth on your device, then try pairing again. • Clear previous Bluetooth connections from your device's memory.
Remote control not working	• Ensure there are no obstructions between the remote and the sound bar. • Replace the battery in the remote control. • Ensure the remote is pointed directly at the sound bar's sensor.
Interference from TV remote	Some TV remote controls may use similar infrared frequencies. If your TV remote causes unintended actions on the sound bar, try repositioning the sound bar or using the sound bar's manual controls.

8. SPECIFICATIONS

Feature	Detail
Model Name	ITB105B

Feature	Detail
Speaker Type	Soundbar
Connectivity Technology	Bluetooth
Wireless Communication Technology	Bluetooth
Surround Sound Channel Configuration	2.0
Audio Output Mode	Stereo
Control Method	Touch, Remote
Power Source	AC
