3. USAGE INSTRUCTIONS

3.1. Application

For optimal scent diffusion and longevity, apply Hermes Terre D'Hermes Parfum Spray to pulse points. These include the wrists, neck, chest, and behind the ears. The warmth of these areas helps to project the fragrance throughout the day.

1. Ensure skin is clean and dry before application.
2. Hold the bottle approximately 5-7 inches (12-18 cm) away from the skin.
3. Spray 1-2 times onto desired pulse points. Avoid rubbing the fragrance into the skin, as this can alter the scent profile and reduce its longevity.
4. For a lighter application, spray into the air and walk through the mist.

4. MAINTENANCE AND STORAGE

To preserve the quality and longevity of your Hermes Terre D'Hermes Parfum Spray, follow these guidelines:

6. TROUBLESHOOTING

If you encounter any issues with your fragrance, consider the following:

- **Scent Longevity:** If the scent does not last as long as expected, try applying it to moisturized skin or layering it with unscented body lotion. Skin type and environmental factors can influence fragrance longevity.
- **Allergic Reaction:** Discontinue use immediately if skin irritation or an allergic reaction occurs. Consult a healthcare professional if symptoms persist.
- **Sprayer Malfunction:** If the sprayer is not working correctly, ensure it is not clogged. Gently clean the nozzle with a damp cloth. If the issue persists, contact customer support.
