Elchim 3900 Healthy & Light Ionic Professional Dryer Instruction Manual

Model: 2497C0G03

1. INTRODUCTION

Thank you for choosing the Elchim 3900 Healthy & Light Ionic Professional Dryer. This manual provides essential information for the safe and effective use, maintenance, and troubleshooting of your new hair dryer. Please read it thoroughly before first use and keep it for future reference.

The Elchim 3900 is designed for professional and home use, featuring an integrated hair concentrator with a quick-lock system. It is optimized for high temperatures and incorporates a new AC light motor with wide lateral protections. Its lightweight, ergonomic, and balanced design aims to reduce strain during use.

2. SAFETY INFORMATION

- Always unplug the appliance immediately after use.
- Do not use while bathing or in a shower.
- Do not place or store the appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- If the appliance falls into water, unplug it immediately. Do not reach into the water.
- Close supervision is necessary when this appliance is used by, on, or near children or individuals with certain disabilities.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, or if it has been dropped, damaged, or dropped into water.
- Keep the cord away from heated surfaces. Do not wrap the cord around the appliance.
- Never block the air openings of the appliance or place it on a soft surface, such as a bed or couch, where

the air openings may be blocked. Keep the air openings free of lint, hair, and the like.

- Never use while sleeping.
- Never drop or insert any object into any opening.
- Do not use outdoors or operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use an extension cord with this appliance.
- Do not direct hot air towards eyes or other heat-sensitive areas.
- Attachments may be hot during use. Allow them to cool before handling.
- Do not place appliance on any surface while it is operating.

4. SETUP

1. **Unpack:** Carefully remove the hair dryer and all accessories from the packaging.
2. **Inspect:** Check the appliance for any signs of damage. Do not use if damaged.
3. **Attach Concentrator:** The dryer comes with two concentrators. Select the desired concentrator and attach it to the nozzle of the dryer. Ensure it clicks securely into place.
4. **Power Connection:** Plug the power cord into a suitable electrical outlet. Ensure the voltage matches the specifications of the dryer.

5. OPERATING INSTRUCTIONS

The Elchim 3900 features intuitive controls for heat and speed, along with a cool shot button for setting your style.

- **Power On/Off and Speed Settings:** Use the black lever switch on the handle to turn the dryer on and select your desired speed (low or high).
- **Temperature Settings:** Use the red lever switch to select your preferred heat level (low, medium, or high).
- **Cool Shot Function:** Press and hold the dedicated cool shot button (typically located on the front of the handle) to instantly deliver a burst of cool air. This helps to set your hairstyle and add shine.

6. MAINTENANCE

- **Cleaning the Air Filter:** Regularly check and clean the rear air filter to prevent lint and dust buildup, which can affect performance and lifespan. Twist or pull off the rear grille, remove any accumulated debris, and reattach securely.
- **General Cleaning:** Wipe the exterior of the dryer with a soft, damp cloth. Do not use abrasive cleaners or immerse the dryer in water.
- **Cord Care:** Do not wrap the power cord tightly around the dryer. Store it loosely to prevent damage.
