## 7. TROUBLESHOOTING

If you encounter issues with your playard, refer to the following common solutions:

- **Difficulty Folding:** Ensure the center of the playard floor is pulled up completely before attempting to unlock the side rails. All four rails must be unlocked before the playard can fold compactly.
- **Playard Feels Unstable:** Verify that all four top rails are fully locked and the center of the playard floor is pushed down flat and secure.
