Lorell 86000 Series Executive Chair Adjustable Headrest Manual

Model: LLR60329 | Brand: Lorell

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Lorell 86000 Series Executive Chair Adjustable Headrest. This headrest is designed to enhance comfort and support when attached to compatible Lorell executive chairs. Please read this manual thoroughly before installation and use to ensure proper function and longevity of the product.

SAFETY INFORMATION

- Assembly is required. Follow all installation steps carefully.
- Ensure all connections and mounting hardware are securely tightened before using the headrest.
- The maximum weight recommendation for the chair with this headrest is 250 pounds. Do not exceed this limit.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Do not attempt to modify the headrest or use it for purposes other than its intended design.

PACKAGE CONTENTS

The Lorell 86000 Series Executive Chair Adjustable Headrest package includes the following components:

- 1 x Upholstered Adjustable Headrest
- Necessary Mounting Hardware (screws, washers, etc.)

SETUP AND INSTALLATION

The Lorell 86000 Series Executive Chair Adjustable Headrest is designed for straightforward attachment to compatible Lorell executive chairs. Please follow these steps:

1. Identify the designated mounting points on the upper backrest of your compatible Lorell chair. These are typically pre-drilled holes or specific attachment areas.
2. Align the headrest's mounting bracket with these points on your chair.
3. Using the provided mounting hardware, securely attach the headrest to the chair. Ensure all screws are tightened firmly.

Avoid overtightening, which could damage the chair or headrest.

4. Once attached, gently test the headrest to ensure it is stable and securely fastened before regular use.

OPERATING INSTRUCTIONS

Adjusting Headrest Height

The headrest features a height adjustment mechanism to allow you to customize its position for optimal neck and head support.

1. Grasp the upholstered portion of the headrest firmly with both hands.
2. Gently pull the headrest upwards or push it downwards to move it along its vertical track.
3. Position the headrest at your desired height. The mechanism is designed to hold the headrest in place once adjusted.

MAINTENANCE

To ensure the longevity and appearance of your headrest, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the upholstered surface with a soft, damp cloth using a mild soap solution. Avoid using abrasive cleaners, harsh chemicals, or solvents, as these can damage the material.
- **Hardware Check:** Periodically inspect all mounting screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Environmental Care:** Do not expose the headrest to extreme temperatures, excessive humidity, or prolonged direct sunlight, which can cause material degradation or discoloration.

TROUBLESHOOTING

If you encounter any issues with your Lorell 86000 Series Executive Chair Adjustable Headrest, please refer to the table below for common problems and solutions.

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Headrest does not stay in adjusted height position.	Mounting screws are loose.	Ensure all mounting screws are securely tightened to the chair.
Difficulty attaching headrest to chair.	Incorrect chair model or misalignment of mounting points.	Verify your chair is compatible with the Lorell 86000 Series headrest. Re-align the headrest bracket with the chair's mounting holes.
Headrest feels wobbly after installation.	Mounting hardware not fully secured.	Check and tighten all screws and connections. Ensure no parts are missing.
