# Allen + Roth Vallymede Multi-Pendant Light Instruction Manual

Model: B10011

## 1. PRODUCT OVERVIEW

---

The Allen + Roth Vallymede B10011 is a 7.7-inch brushed nickel multi-pendant light fixture featuring three jar-style clear glass shades. This fixture is designed to provide adjustable lighting, allowing the pendant heads to be set at various heights to suit your desired aesthetic and lighting needs. It is suitable for indoor use in areas such as home offices and kitchens.

## 2. SAFETY INFORMATION

---

Please read and understand all instructions before beginning installation. Failure to follow these instructions may result in electric shock, fire, or other injuries that could be hazardous or fatal. All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC).

- **WARNING:** To avoid electric shock, disconnect power at the main fuse box or circuit breaker panel before installation or servicing.
- **WARNING:** Do not connect this fixture to an ungrounded electrical system.
- **CAUTION:** All wiring connections must be secured with wire connectors.
- **CAUTION:** Do not use bulbs exceeding the specified wattage.
- This fixture is designed for indoor use only.

## 3. PACKAGE CONTENTS

---

Verify that all components are present before proceeding with installation. If any parts are missing or damaged, do not attempt to assemble or install the product.

- Multi-Pendant Light Fixture (Brushed Nickel)
- Clear Glass Shades (3 units)
- Mounting Hardware (screws, wire connectors, mounting bracket)
- Instruction Manual

## 4. SETUP AND INSTALLATION

---

This multi-pendant light is designed for semi-flush mount or hung installation. Professional installation by a qualified electrician is recommended to ensure proper wiring and safety.

### 4.1 Pre-Installation

1. Turn off power at the circuit breaker or fuse box.
2. Carefully unpack the fixture and all parts. Retain packaging materials until installation is complete.
3. Review the included mounting hardware and ensure all necessary tools are available (e.g., screwdriver, wire strippers, ladder).

### 4.2 Mounting the Fixture

1. Attach the mounting bracket to the junction box in the ceiling using the provided screws.
2. Connect the fixture's wires to the house wires according to standard electrical codes (black to black, white to white, ground to ground). Secure connections with wire connectors.
3. Carefully tuck all wires into the junction box.
4. Secure the fixture canopy to the mounting bracket.

### 4.3 Attaching Shades and Bulbs

1. Gently attach the clear glass shades to each pendant. Ensure they are securely fastened.
2. Install E26 Medium base LED bulbs (not included) into each socket. Do not exceed the maximum wattage specified on the fixture.

## 4.4 Adjusting Pendant Height

The pendant heads can be adjusted to different heights. Loosen the set screw on the canopy where the cord enters, adjust the cord length as desired, and then re-tighten the set screw to secure the position.

## 5. OPERATING INSTRUCTIONS

---

This Vallymede multi-pendant light is designed for simple operation and is compatible with standard wall switches. It features a dimmable function, allowing you to adjust the light intensity when connected to a compatible dimmer switch (sold separately).

- **Turning On/Off:** Use your standard wall switch to control the power to the fixture.
- **Dimming:** If a compatible dimmer switch is installed, use the dimmer control to adjust the brightness of the lights.
- **Adjustable Pendants:** The height of each pendant can be adjusted as described in Section 4.4 to customize the lighting arrangement.

## 6. MAINTENANCE

---

Regular maintenance will help preserve the appearance and functionality of your light fixture.

### 6.1 Cleaning

- Always disconnect power before cleaning.
- Wipe the brushed nickel finish with a soft, dry cloth. Do not use abrasive cleaners or polishes, as they may damage the finish.
- Clean the glass shades with a mild glass cleaner and a soft cloth. Ensure shades are completely dry before restoring power.

### 6.2 Bulb Replacement

- Ensure power is off and bulbs have cooled before attempting to replace them.
- Unscrew the old E26 Medium base bulb and screw in a new one.
- Use only E26 Medium base LED bulbs. Refer to the fixture's label for maximum wattage.

### 6.3 Shade Replacement (User Tip)

In the event of a broken glass shade, some users have found that wide-mouth canning or mason jars can serve as a suitable replacement for the original glass globes. Please ensure any replacement shades fit securely and do not interfere with the fixture's operation or safety.

## 7. TROUBLESHOOTING

---

If you experience issues with your Vallymede multi-pendant light, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Light does not turn on	No power to fixture; Loose wiring; Faulty bulb	Check circuit breaker/fuse; Verify all wire connections are secure; Replace bulb.

Problem	Possible Cause	Solution
Light flickers	Loose bulb; Incorrect bulb type; Loose wiring; Incompatible dimmer switch	Tighten bulb; Ensure correct E26 LED bulb is used; Check wiring connections; Verify dimmer switch compatibility.
Pendant height cannot be adjusted	Set screw is too tight or loose	Loosen the set screw, adjust the cord, then re-tighten firmly.

## 8. SPECIFICATIONS

Feature	Detail
