nanoblock Giraffe (NBC-158) Instruction Manual

Model: NBC-158 | Brand: KAWADA

1. Introduction

1.1 Product Overview

Thank you for purchasing the nanoblock Giraffe (NBC-158) construction set. nanoblock offers a unique building experience with its miniature-sized blocks, allowing for intricate and detailed models. This manual provides essential information for assembly, care, and general use of your nanoblock Giraffe model.

1.2 Safety Information

- **WARNING: CHOKING HAZARD** – Small parts. Not for children under 3 years.
- Recommended age for assembly: 12 years and up.
- Keep all packaging materials away from children.
- This product conforms to EN 71 safety standards.

2. Package Contents

Please verify that all components are present before beginning assembly:

- 150 nanoblock pieces (various colors and shapes)
- 1 x Detailed Assembly Instruction Sheet (diagrams)

If any pieces are missing or damaged, please contact customer support.

3. Assembly Instructions

The nanoblock Giraffe model requires careful assembly due to the small size of the blocks. Please follow the included detailed instruction sheet for step-by-step guidance. The following general tips will assist you:

- **Preparation:** Find a clean, well-lit workspace. Organize your nanoblock pieces by color and shape to facilitate easier identification.
- **Follow Diagrams:** Refer to the provided instruction sheet's diagrams carefully. Each step illustrates the placement of specific blocks.
- **Precision:** Due to their small size, nanoblocks require precision. Use tweezers if necessary for placing very small or hard-to-reach pieces.
- **Secure Connections:** Ensure each block is firmly pressed into place to create a stable structure.

5. Maintenance

To ensure the longevity and appearance of your nanoblock Giraffe model:

- **Cleaning:** Gently wipe the assembled model with a soft, dry cloth to remove dust. For more thorough cleaning, use a slightly damp cloth and allow it to air dry completely. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the model in a stable location away from direct sunlight and extreme temperatures to prevent discoloration or deformation of the plastic.
- **Handling:** Handle the model with care to prevent pieces from detaching.

6. Troubleshooting

While nanoblock sets are generally straightforward, you might encounter minor issues:

- **Missing Pieces:** Double-check the packaging and your workspace. If a piece is genuinely missing, please contact the retailer or manufacturer's customer support.
- **Difficulty Connecting Pieces:** Ensure the blocks are aligned correctly. Apply firm, even pressure. If a piece seems too tight, verify it's the correct piece for that step in the instructions.
- **Model Instability:** Re-examine previous steps to ensure all blocks are securely connected. Sometimes a loose connection can affect the overall stability.
