1. INTRODUCTION

This user guide provides essential information for accessing and enjoying the **Momentum II** digital video content.

Momentum II is a surf film featuring prominent athletes, produced by The Orchard. This document outlines the necessary steps for setup, operation, and troubleshooting to ensure an optimal viewing experience.

2. SETUP

To access and view *Momentum II*, ensure the following requirements are met:

- **Compatible Device:** A device capable of streaming digital video content (e.g., smart TV, computer, tablet, smartphone).
- **Internet Connection:** A stable broadband internet connection is required for streaming. A minimum speed of 5 Mbps is recommended for standard definition, and 25 Mbps for high definition.
- **Platform Access:** Access to the digital video platform where *Momentum II* was acquired (e.g., Prime Video). This typically requires an account and a valid subscription or purchase.
- **Software Updates:** Ensure your device's operating system and the streaming application are updated to their latest versions for optimal performance and security.

3. OPERATING

Follow these steps to play and control the *Momentum II* digital video:

1. **Launch Application:** Open the streaming application or website on your compatible device.
2. **Locate Content:** Navigate to your library or search for "Momentum II".
3. **Start Playback:** Select the title and press the 'Play' button.
4. **Playback Controls:**

- **Play/Pause:** Click or tap the play/pause icon to start or temporarily stop the video.
- **Fast Forward/Rewind:** Use the progress bar or dedicated buttons to skip forward or backward.
- **Volume Control:** Adjust the volume using your device's controls or the in-app volume slider.
- **Subtitles/Audio Tracks:** If available, select the 'Settings' or 'Audio/Subtitles' icon to choose preferred language tracks or enable/disable subtitles.
- **Full Screen:** Use the full-screen icon to expand the video to fill your display.

4. MAINTENANCE FOR OPTIMAL VIEWING

While digital content requires minimal maintenance, adhering to these practices can enhance your viewing experience:

- **Internet Speed:** Ensure your internet connection is not being heavily utilized by other devices or applications during streaming.
- **Device Performance:** Close unnecessary applications on your device to free up resources, which can prevent buffering or stuttering.
- **Cache Clearing:** Periodically clear the cache of your streaming application or web browser to resolve potential playback issues.
- **Software Updates:** Regularly update your device's operating system and streaming apps to benefit from performance improvements and bug fixes.

5. TROUBLESHOOTING

If you encounter issues while viewing *Momentum II*, consider the following solutions:

Problem	Solution
Video Buffering/Stuttering	Check your internet connection speed. Reduce the number of devices using your network. Try lowering the video quality setting if available. Restart your router.
No Sound	Verify your device's volume is turned up and not muted. Check the in-app volume control. Ensure your audio output device is correctly selected.
Video Not Playing	Ensure you are logged into your streaming account. Verify your subscription or purchase status. Try restarting the application or your device. Clear the app's cache.
Poor Video Quality	Confirm your internet speed meets the requirements for high-definition streaming. Check if the streaming platform allows manual quality selection.
