## 4. OPERATING INSTRUCTIONS

The Hape Multifunction Builder Set E8039 allows for open-ended creative construction. The primary operation involves using the provided tools to connect the wooden and plastic pieces.

### Basic Assembly Steps:

- Select Pieces:** Choose the wooden planks, blocks, and plastic connectors needed for your desired structure.
- Align Holes:** Align the holes in the wooden pieces with the holes in other pieces or the plastic connectors.
- Insert Screws:** Insert a plastic screw through the aligned holes.
- Fasten with Nuts:** Use the plastic nuts to secure the screw on the other side. The wooden wrench can help hold the nut, and the wooden screwdriver can tighten the screw.
- Build and Create:** Continue connecting pieces to build various objects such as robots, vehicles, or

custom designs. Refer to the included idea booklet for inspiration.
