tech21 One M9

Tech 21 Evo Check Case for HTC One M9 - User Manual

Brand: tech21

Introduction | Setup | Operating | Maintenance | Warranty & Support | Troubleshooting | Specifications

1. Introduction

This manual provides essential information for the proper use and care of your Tech 21 Evo Check Case for HTC One M9. This case is designed to offer advanced impact protection for your device, utilizing FlexShock material to absorb and dissipate shock. Its slim profile ensures your phone remains lightweight while providing robust protection for the back and corners, along with a raised bezel to protect the screen when placed face-down.
Please read this manual thoroughly to ensure optimal performance and longevity of your product.

2. Setup: Installing the Case

Follow these steps to correctly install the Tech 21 Evo Check Case on your HTC One M9 smartphone:

1. **Prepare your device:** Ensure your HTC One M9 is clean and free of dust or debris. It is recommended to power off your device before installation.
2. **Align the case:** Hold the case with the camera cutout aligned with your phone's camera.
3. **Insert the phone:** Gently slide your HTC One M9 into the case, starting with one side (e.g., the top or bottom). Apply even pressure around the edges until the phone is fully seated within the case. Ensure all corners are securely covered by the case.
4. **Check fit:** Verify that all buttons (power, volume) and ports (charging, headphone jack) are accessible and function correctly. The case is designed with precise cutouts for full functionality.

Image 1: Rear view of the HTC One M9 securely fitted within the Tech 21 Evo Check Case. The case features a smokey, translucent finish with a subtle check pattern, allowing the phone's design to show through while providing protection.

3. Operating Your Device with the Case

The Tech 21 Evo Check Case is designed to enhance the usability and protection of your HTC One M9 without hindering its functions.

- **Button Access:** The case features integrated button covers that align perfectly with your phone's power and volume buttons, ensuring tactile feedback and easy operation.
- **Port Access:** Precision cutouts provide unobstructed access to the charging port, headphone jack, and microphone. You can charge your phone and use accessories without removing the case.
- **Camera Protection:** A raised bezel around the camera lens helps protect it from scratches when the phone is placed on flat surfaces.
- **Screen Protection:** The front edges of the case are slightly raised, creating a protective lip that prevents the screen from directly contacting surfaces when the phone is placed face-down.

Image 2: Front view of the HTC One M9 encased in the Tech 21 Evo Check Case. The image highlights the raised bezel around the screen, designed to protect the display from direct contact with surfaces.

4. Maintenance and Care

To keep your Tech 21 Evo Check Case in optimal condition and ensure its longevity, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, damp cloth to wipe down the exterior of the case. For stubborn marks, a small amount of mild soap can be used. Avoid harsh chemicals, abrasive cleaners, or solvents, as these can damage the material.
- **Regular Inspection:** Periodically remove your phone from the case to clean any dust or debris that may have accumulated between the phone and the case. This prevents potential scratches to your device.
- **Avoid Extreme Conditions:** Do not expose the case to extreme temperatures (very hot or very cold) or direct prolonged sunlight, as this may affect the material's integrity and color.

5. Troubleshooting

If you encounter any issues with your Tech 21 Evo Check Case, consider the following common solutions:

- **Case feels loose or doesn't fit:**
  Ensure you have the correct model case for your phone. This case is specifically designed for the**HTC One M9**. Double-check that the phone is fully seated within the case and all corners are properly engaged.
- **Buttons are difficult to press:**
  Verify that the phone is correctly aligned within the case and that the case's button covers are directly over the phone's buttons. A slight adjustment may resolve this.
- **Case appears discolored or dirty:**
  Refer to the "Maintenance and Care" section for cleaning instructions. Regular cleaning with a soft, damp cloth should help maintain its appearance.

If the issue persists, please contact Tech 21 customer support for further assistance.
