## Komatsu FB15M 18M-2

# Komatsu Forklift FB15M 18M-2 Parts and Diagrams Manual

Comprehensive guide for identifying parts and understanding diagrams for Komatsu FB15M and 18M-2 Forklifts.

## INTRODUCTION

This manual provides detailed parts lists and functionally illustrated drawings for the Komatsu Forklift models FB15M and 18M-2. It is an essential resource for maintenance, repair, and parts identification, covering models with serial numbers -9002A and up, specifically from the year 1991.

### **MODEL IDENTIFICATION AND SERIAL NUMBERS**

To ensure correct parts identification, refer to the serial numbers applicable to your forklift. This manual specifically covers models

FB15M and 18M-2 with serial numbers starting from -9001A and up, as of the issue date August 30, 1991.

## APPLICATION MACHINE AND CODES

This section outlines the application of the machine and explains the various machine, capacity, and type codes used for identification. For instance, 'FB' denotes a battery-powered forklift, '15' or '18' indicates capacity, and 'M' signifies a three-wheeler.

### INTRODUCTION

When ordering parts, please inform us also of the Serial No. (truck serial no.) of your truck.

#### APPLICATION MACHINE

For USA

1.5tons		1.75tons
FB15M-2		FB18M-2

Machine code

F B

B : Battery

Capacity code

1 5

Type code

M

M : Three wheeler

## SYSTEM COMPONENTS OVERVIEW

---

The manual is organized into several key sections, each detailing specific systems and their components. This structure allows for easy navigation and identification of parts related to electrical, transfer, steering, frame, and work equipment systems.

## CONTENTS

1.ELECTRICAL SYSTEM	1001
DRIVE MOTOR (FOR 36V) (L.HD)	1001
DRIVE MOTOR (FOR 36V) (R.HD)	1003
DRIVE MOTOR (FOR 24V) (L.HD)	1005
DRIVE MOTOR (FOR 24V) (R.HD)	1007
PUMP MOTOR (FOR 36V)	1011
PUMP MOTOR (FOR 24V)	1015
POWER STEERING MOTOR (FOR 36V)	1031
POWER STEERING MOTOR (FOR 24V)	1035
DRIVE MOTOR MOUNTING PARTS	1051
PUMP MOTOR MOUNTING PARTS	1061
POWER STEERING MOTOR MOUNTING PARTS	1071
SCR PANEL (FOR 36V)	1201
SCR PANEL (FOR 24V)	1205
CONTACTOR PANEL	1231
PUMP CONTACTOR (FOR 36V)	1251
PUMP CONTACTOR (FOR 24V)	1255
CONTROLLER MOUNTING PARTS	1291
F-R CONTACTOR	1301
CONTACTOR (1A)	1311
CONTACTOR (0)	1321
PUMP CONTACTOR (FOR 36V)	1331
PUMP CONTACTOR (FOR 24V)	1335
F-R CONTROLLER	1351
ELECTRICAL SYSTEM	1501

## SPECIFICATIONS

---

- **Print Length:** 184 pages
- **Language:** English
- **Publication Date:** January 1, 1991
- **Publisher:** Komatsu
- **ASIN:** B00ZQHVLPA

This manual is a comprehensive resource, spanning 184 pages, providing detailed information for the specified Komatsu forklift models.

## SUPPORT INFORMATION

---

For further assistance regarding parts, diagrams, or specific technical inquiries not fully covered within this manual, please contact Komatsu authorized service centers or your original equipment supplier. Always refer to the latest service bulletins and updates provided by Komatsu for the most current information.
