Marea B35251/1

Marea B35251/1 Men's Watch Instruction Manual

Model: B35251/1

INTRODUCTION

Thank you for choosing the Marea B35251/1 Men's Watch. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your new timepiece. Please read these instructions carefully before using your watch to ensure optimal performance and longevity.

PRODUCT OVERVIEW

The Marea B35251/1 is a men's quartz watch featuring a black synthetic leather strap, a silver-toned alloy steel case, and a black dial. It is designed for everyday wear with a water resistance rating of 5 ATM.

Image 1: Front view of the Marea B35251/1 Men's Watch. This image displays the watch with its black synthetic leather strap, round silver-toned case, and black dial with luminous hands.

SETUP

1. Initial Time Setting

1. **Locate the Crown:** The crown is the small knob on the right side of the watch case.
2. **Pull Out the Crown:** Gently pull the crown outwards to the first or second click position. For most watches, pulling it out to the furthest position (second click) allows you to set the time.

3. **Set the Time:** Rotate the crown clockwise or counter-clockwise to move the hour and minute hands to the correct time.
4. **Push In the Crown:** Once the time is set, push the crown back into its original position against the watch case. This will start the watch movement.

2. Adjusting the Strap

The Marea B35251/1 features a synthetic leather strap with a buckle clasp. To adjust the fit:

- Insert the pin of the buckle into the desired hole on the strap that provides a comfortable and secure fit on your wrist.
- Ensure the watch is not too tight, which could restrict circulation, nor too loose, which could cause it to move excessively.

OPERATING INSTRUCTIONS

Basic Timekeeping

Your Marea B35251/1 watch is a quartz movement timepiece, providing accurate time display with three hands: hour, minute, and a dedicated seconds hand. Once the time is set, the watch will continuously display the current time.

Luminous Hands

The watch features luminous hour and minute hands. These hands absorb light during the day and glow in low-light conditions, allowing for easier readability in the dark. The intensity and duration of the glow depend on the exposure to light.

MAINTENANCE

Cleaning Your Watch

- Wipe the watch case and strap regularly with a soft, dry cloth to remove dust and dirt.
- For stubborn dirt, a slightly damp cloth can be used, but ensure no water enters the watch case. Dry thoroughly immediately after.
- Avoid using chemical cleaners, solvents, or abrasive materials, as these can damage the watch's finish or strap.

Water Resistance (5 ATM)

Your Marea B35251/1 watch has a water resistance rating of 5 ATM (50 meters). This means it is suitable for everyday use and can withstand splashes, rain, and brief immersion in water, such as washing hands. **It is not suitable for swimming, showering, diving, or any water sports.** Always ensure the crown is fully pushed in before any contact with water.

Battery Replacement

As a quartz watch, your Marea B35251/1 is powered by a battery. The battery life typically ranges from 1 to 3 years, depending on usage. When the watch stops or the seconds hand begins to skip, it is likely time for a battery replacement. It is recommended to have the battery replaced by a qualified watch technician to ensure the water resistance seal is maintained.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Watch is not running	Battery depleted; Crown not pushed in	Replace battery (professional service recommended); Push crown fully into the case
Time is incorrect	Time not set correctly; Crown accidentally pulled out	Reset the time as per "Initial Time Setting" instructions; Ensure crown is fully pushed in

Problem	Possible Cause	Solution
Condensation under crystal	Exposure to extreme temperature changes; Water resistance compromised	Avoid extreme temperature changes; Seek professional inspection and repair immediately to prevent damage

If you encounter issues not listed here or if the suggested solutions do not resolve the problem, please contact customer support.

SPECIFICATIONS

Brand	Marea
Model Number	B35251/1
Movement Type	Quartz
Case Diameter	42.00 mm
Case Material	Alloy Steel
Band Material	Synthetic Leather
Band Color	Black
Water Resistance Depth	5 Meters (5 ATM)
Special Features	Three hands, Luminous hands, Seconds hand
Clasp Type	Buckle Clasp
Power Source	Battery Powered

WARRANTY AND SUPPORT

For information regarding warranty coverage, returns, or technical support, please refer to the documentation provided with your purchase or contact the retailer where the watch was acquired. Keep your proof of purchase for any warranty claims. For further assistance, you may also visit the official Marea website or contact their customer service department.
